Commission to Hold Public Comment on EPCOR Rates Application

(Phoenix) The Arizona Corporation Commission will hold a Public Comment Hearing Thursday, April 27 on the EPCOR Wastewater rate application. The session will begin at 6:00 p.m. at the Wigwam Resort, 300 E. Wigwam Blvd, Litchfield Park, AZ in Sachem Hall.

EPCOR filed a rate application in April of last year, which could result in increases or decreased for utility service provided by its Agua Fria, Anthem, Mohave, Sun City, and Sun City West wastewater districts. The application evaluates the impact on rates if the systems were to be consolidated, left as they are, or deconsolidated further which would split a couple of the existing systems into separate wastewater districts.

The comments will be recorded and be made part of the official docket which will eventually go before the Commission for a vote. If you are unable to attend the meeting, you can submit comments by going to the Commission's Utilities Division's public comment section by going to this link <http://eservice.azcc.gov/Utilities/PublicComment>. The entire docket can be viewed online at www.azcc.gov, go to eDocket and enter docket number WS-01303A-16-0145.

Established by Article 15 of the state's constitution, the Arizona Corporation Commission is responsible for the regulation of public utilities, overseeing the incorporation or registration of companies wishing to do business in Arizona. Additionally, the Corporation Commission registers and oversees securities offerings and dealers, and enforces railroad and pipeline safety. The five commissioners that make up the Commission are elected by the people of Arizona for a four-year term, with the option of serving for two consecutive terms.
