TARIFF FORMAT SHEET

- A. Page Numbering - Page numbers appear in the upper-right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the Tariff. When a new page is added, the page appears as a decimal. For example, a new sheet added between Sheets 14 and 15 would be 14.1.
- B. Page Revision Numbers - Revision numbers also appear in the upper-right corner of the page. These numbers are used to determine the most current page version on file with the Commission. For example, the 4th revised Page 14 cancels the third revised Page 14. Because of deferrals, notice periods, etc., the most current page number on file with the Commission is not always the Tariff page in effect.
- C. Paragraph Numbering Sequence - Within each section, there are eight levels of paragraph coding. Each level of coding is subservient to its next higher level of coding.
- 2.1
- 2.1.1
- 2.1.1.A
- 2.1.1.A.1
- 2.1.1.A.1(a)
- 2.1.1.A.1(a)I
- 2.1.1.A.1(a).I(i)
- 2.1.1.A.1(a).I(i).I
- D. Check Sheet - When a tariff filing is made with the Commission, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the pages contained in the tariff with a cross reference to the current revision number. When new sheets are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc., remained the same, just revised revision levels on the same sheets). The tariff user should refer to the latest Check Sheet to find out if a particular page is the most current page on file with the Commission.

2.8 Emergency (911) Calls

2.8.1 There is no deduction of minutes for 911 emergency service calls.

2.8.2 Company handsets can reach 911 Emergency services regardless of minutes remaining on the handset.

2.8.3 As previously stated, many factors beyond the Company's control may affect the ability to make and receive calls on a Company handset which include, but are not limited to, atmospheric conditions, terrain, nearby buildings and other structures, network capacity issues, system outages or failures of equipment to operate as expected, a problem that occurs with service Company purchases from another provider, system upgrades, performance of maintenance work, accidents or other events outside of the Company's control. If a customer is in an area where the handset is searching for a wireless signal or where there is no wireless signal or wireless service, it is highly probable that a call to 911 will not go through. In such an event, Lifeline Subscribers should dial 911 from the nearest landline phone. Company takes no responsibility for service interruptions or problems caused by factors beyond the Company's control.

2.8.4 Statements by Company, its employees, representatives, or agents regarding system coverage is intended to describe approximate coverage and should not be interpreted to mean that Service will be available without interruption.

SECTION II -- DESCRIPTION OF SERVICE (cont.)

2.9 Lifeline Service Plans (cont.)

2.9.5 (cont.)

Tribal Service Plans:

- **Tribal Resident Lifeline 1000 Plan.** Each month the customer will receive 1,000 anytime voice minutes or 1,000 text messages for \$1.00 per month plus fees and taxes. Text messaging will be assessed at a rate of 1 minute per text message for sending and 1 minute per text message for receiving text messages. There are no rollover minutes with this plan. Unused minutes will expire each month on the service expiration date. This plan will only be available to eligible residents of tribal lands.
- **Tribal Resident Lifeline Unlimited Plan.** Each month the customer will receive unlimited anytime voice minutes for \$5.00 per month plus fees and taxes. Text messaging will not be available with the unlimited talk plan. There are no rollover minutes with this plan as minutes are unlimited. This plan will only be available to eligible residents of tribal lands.

Additional Minutes Plans ("Top-Ups")

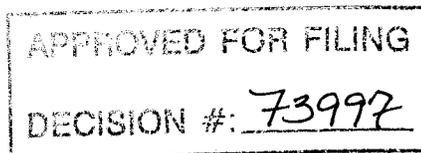

- Lifeline Subscribers may purchase additional minutes plans on a non-recurring basis. Unused minutes and messages expire at the end of Lifeline Subscribers' monthly period and may not be used in subsequent months. If Lifeline Subscribers use all of their monthly voice minutes and messages before a new monthly cycle starts and they add an Additional Minutes Plan to their account, they will be charged based on the Additional Minutes Plan they choose for voice calls and messages. Even following purchase of an additional minutes plan, if Lifeline Subscriber uses all of the minutes included in the plan, Lifeline Subscriber will not have the ability to make calls or send receive messages, except to place 911 calls, until another additional minutes plan is purchased or a new monthly cycle starts.

Additional minutes plans can be purchased at all Company payment locations as well as additional retail locations which are only authorized to sell Company top-ups. Company top-ups are available in increments of \$5.00, \$10.00, and \$20.00. Purchased additional minutes plans cannot be transferred or applied to any other wireless service or account.
