RE: Verizon Long Distance LLC Revision to AZ C.C. Tariff No. 3

ORIGINAL

Dear Sir or Madam:

Enclosed for filing please find the original and thirteen (13) copies of the above-referenced tariff filing submitted on behalf of Verizon Long Distance LLC ("VLD") Tariff No. 3. Effective November 15, 2014, Verizon Enterprise Solutions LLC ("VES"), an affiliate of VLD, will be merged into VLD. VLD will therefore become the service provider for former VES customers. In compliance with Decision No. 74749, issued on September 15, 2014, which approved this customer transfer, the attached filing incorporates certain VES products and services into the current VLD tariff. VES customers have been notified of the transfer to VLD and will not experience any interruption or change to the rates and terms of their services as a result of this merger.

To aid Staff in the review of this filing, a matrix tracing the migration of VES tariff provisions to the VLD tariff is provided with this filing.

Verizon Long Distance LLC requests an effective date of November 15, 2014 for this filing.

On behalf of Verizon Enterprise Solutions LLC, please accept this letter as request for cancellation of its Arizona C. C. Tariff No. 5 in its entirety as of November 15, 2014.

SECTION 6 - OBSOLETE SERVICE OFFERINGS, (CONT'D.)**6.27 Business Plan B**

(N)

Business Plan B is an optional calling plan offered to existing Business Customers at existing locations prior to July 21, 2001 for outbound direct dialed calling from presubscribed switched or dedicated Access Lines at rates which are dependent on the Customer's monthly usage guarantee (MUG) level. Inbound (toll free) calling is also available for termination on switched or dedicated Access Lines. Operator assisted calling is also available under this plan. Customers may select a one, two or three year term commitment in order to obtain lower rates.

6.27.1 Billing Increments

The billing increment and minimum call duration of each call is determined by the access method selected by the Customer and the call type. Partial increments are rounded to the next increment.

<u>Access Type/Call Type</u>	<u>Initial Increment</u>	<u>Additional Increment</u>
Switched Access	18 seconds	6 seconds
Dedicated Access	6 seconds	6 seconds
Operator Assisted	60 seconds	60 seconds

6.27.2 Monthly Usage Guarantee

All intrastate, interstate and international usage charges and applicable surcharges billed to the Customer under this plan contribute towards meeting the monthly usage guarantee. In addition, feature charges, directory assistance charges, operator usage and surcharges, and monthly recurring charges are contributory to the monthly usage guarantee. Taxes, presubscribed line charges, carrier universal service charges, pay telephone use charges and other similar fees are not contributory. When the Customer's billing falls below the MUG in any full billing period, a shortfall charge will be applied which is equal to the difference between the Monthly Usage Guarantee and the actual contributory billing for that billing period.

6.27.3 Termination Liability

When the Customer terminates service under this plan prior to the expiration of the Customer's selected term commitment, a termination charge will be assessed. The termination charge is calculated by multiplying 35 percent (35%) of the Customer's Monthly Usage Guarantee multiplied times the number of months remaining in the term.

The early termination charge will apply under the following circumstances:

- A. When the Customer disconnects its entire Account;
- B. When the Customer selects a shorter term; or
- C. When the Customer negotiates a reduction in their monthly spending commitment more than one level during a billing cycle.

The early termination charge will not apply under the following circumstances:

- A. When the Customer's physical location changes, but the term plan is continued at the new location;
- B. When the Customer negotiates the term plan for a longer term;
- C. When the Customer moves to a jurisdiction where the Company is prohibited from offering service;
- D. When the Customer changes plan prior to 60 days of service;
- E. When the Customer returns to the Company and the same term length agreement as a result of a winback program;
- F. When the Customer moves from the two year term on Plan B Service to a one or three year term on Plan D Service;
- G. When the Customer reduces their term monthly spend level on level during a billing cycle; or
- H. When the Customer has encountered extremely poor service, verified by higher management.

6.27.3 Termination Liability, (Cont'd.)

Once the Customer has reached the lowest Minimum Usage Guarantee level of Plan B, they may move to Plan C without incurring a penalty. The Customer must move to the same term commitment they subscribed to on Plan B.

At the expiration of the term commitment, the Customer will continue at the same commitment and usage rate unless they choose to make a change, either to a different term commitment/minimum usage guarantee or to a different plan. If the Customer continues without changing, they will still be liable for the minimum usage guarantee to which they were originally subscribed.

6.29.4 Rates and Charges

A. Application of Charges

A Monthly Recurring Charge (MRC) is billed each month in advance and applies to the whole account presubscribed to the Company's Business Block of Time Service. A fixed allotment of qualified calling minutes is included in the MRC as specified below. The MRC applies in full each month regardless of whether or not the full allotment of minutes is used, except in the case of partial billing cycles. In the case of first and last month partial billing cycles, the MRC will be prorated based on the actual number of days the Customer had the service during the billing cycle.

Only charges for direct dialed outgoing voice minutes of use are covered under the MRC for this plan. All other charges for usage and services, including but not limited to, International calling, Directory Assistance services, Operator Assisted services, collect or person to person calls, 900, 700, 976 calls, calls to access information service, internet usage, fees and surcharges are not included as part of the MRC with this plan and will be charged separately.

Multi-line accounts will share the 400 minutes among all lines presubscribed to Business Block of Time Service. Partial increments are rounded up to the next increment. All calls are rated at 60 seconds for the initial increment, and 6 seconds for each additional increment.

6.30.1 Description, (Cont'd.)

Committed Information Rates (CIRs)

Defines the minimum data transfer rate available between two Ports logically connected by a PVC. Based on the overall NFR network capacity, the Customer may transmit data in excess of the CIR for a limited period of time. The maximum data transfer rate available between two logically connected Ports connected by a PVC is equal to the lower port speed of the two Ports - up to maximum of 22 Mbps.

6.30.3 Terms and Conditions

A. Service Level Agreement (SLA)

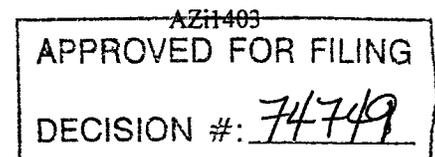

1. The SLA will be applied and measured over a calendar month as specified. These measurements represent the minimum level of performance that is acceptable and are set accordingly. 6.31.2 Regulations, (Cont'd.)

A. Service Guarantee, (Cont'd.)

2. Credit Allowances

If a particular service is interrupted beyond a specified time, an appropriate credit will be provided as set forth below.

For an interruption of four hours or more for each calendar day for a particular service, and if requested by the customer, the Company shall provide the customer with one (1) days credit for the particular service circuit recurring rates.

The credit shall be based on a pro-ration of the number of out of service days to the number of days in the month. As an example, six out of service days/thirty (30) days in a month is equal to a 20% rebate of the monthly charges.

B. Term Commitment Plans

C. Individual Case Basis (ICB) Arrangement

D. Termination Liability

If the Customer terminates service in whole or in part after the installation of the service but prior to completion of the service period of a Term Commitment Plan or an ICB, the Customer shall be obligated to pay the remaining payments, i.e., the monthly charge times the remaining months of the service period selected, in a lump sum due upon termination of service.
