**PART ONE**

**STATEMENT OF RATES AND CHARGES—WATER DIVISION**

**I. RATES AND CHARGES.**

In Decision No. 71854 dated August 24, 2010, the Arizona Corporation Commission approved new rates and charges as set forth in this tariff to be effective for all water service rendered by the Company in all water service areas for all classes of service on and after June 1, 2010.

**A. Monthly Water Usage Charge.**

Each customer shall pay a Monthly Water Usage Charge for each water meter of that customer based upon the meter size, as follows:

<b>Gallons Included in Monthly Water Usage Charge:</b>	0
<b><u>Meter Size</u></b>	<b><u>Monthly Water Usage Charge</u></b>
5/8" x 3/4" Meter	\$11.27
3/4" Meter	\$16.90
1" Meter	\$28.17
1-1/2" Meter	\$56.33
2" Meter	\$90.13
3" Meter	\$180.26
4" Meter	\$281.66
6" Meter	\$563.31
8" Meter	\$901.30
10" Meter	\$1,295.61

**B. Commodity Rates.**

In addition to the payment of the Monthly Water Usage Charge, each customer shall pay a commodity rate for all gallons of water delivered by the Company during the billing cycle as measured at the customer's meter. There are no minimum gallons included in the Monthly Water Usage Charge. The Commodity Rate applies to all meter sizes and all classes of service, as follows:

**Gallons Included in Monthly Water Usage Charge:**

0

**Meter Size**

**Rate Per Thousand Gallons**

**5/8" x 3/4" Meter—Residential**

0 to 4,000 Gallons	\$1.7710

**PART ONE**

**STATEMENT OF RATES AND CHARGES—WATER DIVISION**

The Service Line and Meter Installation Charge shall be refundable to the customer pursuant to A.A.C. R14-2-405(B)(2). The customer shall be the owner of and shall be solely responsible for the design, installation, maintenance, repair, operation and cost of the service line on the customer's side of the water meter.

**D. Additional Service Charges.**

In addition to all other applicable rates and charges in this tariff, each customer shall be subject to the following charges, as applicable:

Establishment	\$25.00
Establishment (After Hours)	\$40.00
Reconnection (Delinquent)	\$50.00
Reconnection (Delinquent, After Hours)	N/A
Meter Test (If Meter is Correct)	\$25.00
Deposit (Residential)	(a)
Deposit (Non-Residential)	(a)
Deposit Interest, Per Annum	(b)
Re-establishment (Within 12 Months)	(c)
Re-establishment (After Hours)	(c)
NSF Check	\$15.00
Deferred Payment Interest, Per Month	1.50%
Meter Re-Read (If Meter Read is Correct)	\$5.00
Customer Requested Relocation of Meter and/or Service Line Per A.A.C. R14-2-405(B)(5)	Cost
After-Hours Service, Per A.A.C. R14-2-403(D)	Refer to Above Charges
Late Charge, Per Month	1.50% (d)

PART ONE

STATEMENT OF RATES AND CHARGES—WATER DIVISION

Notes to Additional Service Charges:

- (a) Residential: two times the average monthly bill.  
Non-Residential: two and one-half times the maximum monthly bill.
- (b) Interest per A.A.C. R14-2-403(B).
- (c) Monthly Water Usage Charge times number of months off the system, per A.A.C. R14-2-403(D).
- (d) Bills for water utility service are due and payable when rendered. Any payment not received by the Company within fifteen (15) days from the date a bill is rendered shall be considered delinquent and service shall be subject to a late charge and/or termination as set forth herein. A customer's failure to receive bills or notices which have been properly placed in the United States mail shall not prevent a bill from becoming delinquent nor relieve the customer of his or her obligations to pay a bill which is due. All late payment penalties shall be billed on the customer's next regularly scheduled billing. If a customer fails to pay the outstanding balance by the due date on the bill, the customer will receive a written notice that service will be terminated in ten (10) days from the date of the notice. If the customer does not pay the outstanding balance and the late payment penalty by the date in the termination notice, service will be terminated on the date in the notice. Service shall be terminated only for that service for which the customer is delinquent or in violation. All customers whose service is terminated for failure to pay a bill or a late payment penalty are subject to the Company's reconnection charge as set forth in this tariff.

**STATEMENT OF RATES AND CHARGES—WATER DIVISION**

**E. Central Arizona Groundwater Replenishment District Adjustor Charge.**

1. CAGRD Adjustor Mechanism. In Decision No. 71854 dated August 24, 2010, the Arizona Corporation Commission authorized the Company to implement a Central Arizona Groundwater Replenishment District ("CAGRD") adjustor mechanism to recover the annual tax assessments imposed upon the Company by the CAGRD as a result of the Company's membership in the CAGRD. Accordingly, in addition to all other applicable rates and charges in this tariff, each customer shall pay a monthly CAGRD adjustor charge per thousand gallons of water delivered, as set forth below, effective for all water service rendered in all water service areas for all classes of service on and after June 1, 2010, in accordance with all conditions set forth in Decision No. 71854. The CAGRD adjustor fee shall be calculated as follows: The total CAGRD fees for the most current year in the Phoenix Active Management Area ("Phoenix AMA") shall be divided by the gallons sold in that year to determine a CAGRD fee per 1,000 gallons delivered to customers in the Phoenix AMA. Similarly, the total CAGRD fees for the most current year in the Pinal Active Management Area ("Pinal AMA") shall be divided by the gallons sold in that year to determine a CAGRD fee per 1,000 gallons delivered to customers in the Pinal AMA. By August 25th of each year, the Company shall submit for Commission consideration its proposed CAGRD adjustor fees for the Phoenix AMA and the Pinal AMA, along with the calculations and documentation from the relevant state agencies to support the data used in the calculations. The Commission-approved CAGRD fees shall become effective on October 1 and shall remain in effect until the next CAGRD fee is calculated and approved. To prevent over or under recovery of CAGRD assessments, an annual true-up shall be performed at the time the Company submits its proposed CAGRD adjustor to the Commission. Any over or under recovery of CAGRD fees shall be included in the next year's computation.

2. CAGRD Adjustor Fees. A CAGRD adjustor fee shall be applicable to each thousand gallons of water sold, as follows:

<u>AMA Where Customer Resides:</u>	<u>Rate Per Thousand Gallons of Water Delivered:</u>
Phoenix AMA	\$1.51
Pinal AMA	\$0.31

DECISION #: 73617

PART ONE

STATEMENT OF RATES AND CHARGES—WATER DIVISION

F. Non-Potable Central Arizona Project Water Service.

1. Availability. Within the Company's certificated area, Central Arizona Project ("CAP") water may be purchased when available and subject to the terms and conditions set forth herein. Portions of the delivery service will be provided through certain facilities owned by New Magma Irrigation and Drainage District ("NMIDD") under a wheeling agreement with the Company. Service availability to the customer is contingent upon the availability of those NMIDD facilities pursuant to the wheeling agreement.

2. Suitability. It is the customer's responsibility to determine the initial and continuing suitability of the non-potable CAP water furnished under this tariff for any intended uses. The Company does not treat, test or monitor non-potable CAP water and furnishes it to customers strictly on an "as-received" basis from the Central Arizona Water Conservation District ("CAWCD") and as wheeled by NMIDD. The customer agrees to accept non-potable CAP water "as received." Compliance with any requirement of the Arizona Department of Environmental Quality, or any other agency having jurisdiction, concerning the use or quality of non-potable CAP water shall be the sole responsibility of the customer. The Company will not be liable for, and the customer will hold harmless, indemnify and defend the Company against, any injuries or damages arising from its service of non-potable CAP water.

3. Facilities and Demand. When applying for non-potable CAP water service, the customer shall specify the maximum annual quantity of CAP water in acre feet ("AF") that it intends to use under this tariff schedule and pursuant to a Non-Potable Water Facilities Contribution Agreement. This quantity of water will be used to determine the facilities required to serve the customer and will be the customer's maximum demand for non-potable CAP water ("CAP Demand") during any calendar year. The customer will be responsible for the annual CAWCD M&I Water Service Capital Charge on the CAP Demand. The customer will contribute the funds required to install all facilities needed to provide CAP water. Such facilities will be owned by the Company.

4. Monthly Bill. The monthly billing will consist of the following components:

a. A monthly CAP Demand charge equal to  $1/12^{\text{th}}$  of the customer's CAP Demand in AF times the applicable CAWCD M&I Water Service Capital Charge per AF plus four percent (4%) of such costs to cover the Company's administrative and handling costs.

b. A meter charge based on the applicable monthly minimum charge

---

**PART ONE**

**STATEMENT OF RATES AND CHARGES—WATER DIVISION**

by meter size as set forth in each system's General Service tariff schedule. This meter charge shall not include any water.

c. A commodity charge designed to pass on all costs of non-potable CAP water, except the monthly CAP Demand charge, as billed to the Company during the previous month by the CAWCD or any other authorized governmental agency, plus one percent (1%) of such costs to cover the Company's administrative and handling costs.

d. A power, maintenance, wheeling and depreciation charge based on the specific requirements of each customer.

i. The power component will be the direct and separately metered cost of the power billed to the Company during the previous month for CAP water delivered to the customer, plus one percent (1%) of the power cost to cover the Company's administrative and handling costs. If multiple customers are being served by common facilities, the power component will be prorated based on CAP water actually used during the month by each customer.

ii. The maintenance component will be the actual costs of maintaining the facilities required to serve the customer, plus a ten percent (10%) charge to provide for overhead and margin. If multiple customers are being served by common facilities, the maintenance component will be prorated based on each customer's CAP Demand.

iii. The wheeling component will be the actual costs to the Company of any and all costs to the Company associated with the NMIDD Wheeling Agreement, plus one percent (1%) of the contract cost to cover the Company's administrative and handling costs. If multiple customers are being served by common facilities, the power component will be prorated based upon CAP water actually used during the month by each customer.

iv. The depreciation component will be  $1/12^{\text{th}}$  of the product of the Company's book depreciation rate, as authorized by the Arizona Corporation Commission, times the original cost of the plant facilities serving the customer. If multiple customers are being served by common facilities, the depreciation component will be prorated based on each customer's CAP Demand.

**G. Water Main Extensions.**

Water main extensions shall be pursuant to A.A.C. R14-2-406, except that refunds of advances in aid of construction shall be made at a rate of five percent (5%) of the gross revenues received by the Company from *bona fide* customers connected to the facilities funded with the advance, until all advances are fully refunded to the person paying the advance.

**H. Taxes and Assessments.**

In addition to the collection of all other rates and charges authorized herein, the Company shall collect from its customers a proportionate share of any privilege, sales, use and franchise tax, per A.A.C. R14-2-409(D)(5).

**I. Permitted Costs.**

1. Costs shall be verified by invoice.
2. For services that are provided by the Company at cost, cost shall include labor, materials, other charges incurred, and overhead. However, prior to any such service being provided, the estimated cost of such service will be provided by the Company to the customer. After review of the cost estimate, the customer will pay the amount of the estimated cost to the Company.
3. In the event that the actual cost is less than the estimated cost, the Company will refund the excess to the customer within 30 days after completion of the provision of the service or after Company's receipt of invoices, timesheets or other related documents, whichever is later.
4. In the event the actual cost is more than the estimated cost, the Company will bill the customer for the amount due within 30 days after completion of the provision of the service or after the Company's receipt of invoices, timesheets or other related documents, whichever is later. The amount so billed will be due and payable 30 days after the invoice date.
5. At the customer's request, the Company shall make available to the customer all invoices, timesheets or related documents that support the cost for providing such service.
6. Permitted costs shall include any State or Federal income taxes that are or may be payable by the Company as a result of any tariff or contract for water facilities under which the Customer advances or contributes funds or facilities to the Company.

PART ONE

STATEMENT OF RATES AND CHARGES—WATER DIVISION

J. Off-site Facilities Hook-up Fee.

1. Purpose and Applicability. The purpose of the Off-site Facilities Hook-up Fee (also referred to as "Hook-up Fees") payable to the Company pursuant to this tariff is to equitably apportion the costs of constructing additional Off-site Facilities necessary to provide water production, delivery, storage and pressure among all new service connections. The Hook-up Fees are applicable to all new service connections established after the effective date of this tariff undertaken via a Main Extension Agreement or requests for service not requiring a Main Extension Agreement. The Hook-up Fees are one-time charges and are payable as a condition to the Company's establishment of service, as more particularly provided below. The Hook-up Fees are in addition to Service Line and Meter Installation Charges, the requirement for on-site facilities to be installed pursuant to approved Main Extension Agreements, and the payment of Monthly Water Usage Charges, Commodity Charges and other charges authorized under this tariff.

2. Definitions. Unless the context otherwise requires, the definitions set forth in R-14-2-401 of the Arizona Corporation Commission's rules and regulations governing water utilities shall apply in interpreting this tariff schedule.

a. "Applicant" means any party entering into an agreement with the Company for the installation of water facilities to serve new service connections, and may include Developers and/or Builders of new residential subdivisions and/or commercial and industrial properties.

b. "Company" means Johnson Utilities, L.L.C.

c. "Main Extension Agreement" means any agreement whereby an Applicant agrees to advance the costs of the installation of water facilities necessary for the Company to serve new service connections within a development, or installs such water facilities necessary to serve new service connections and transfer ownership of such water facilities to the Company, which agreement shall require the approval of the Commission pursuant to A.A.C. R-14-2-406, and shall have the same meaning as "Water Facilities Agreement" or "Line Extension Agreement."

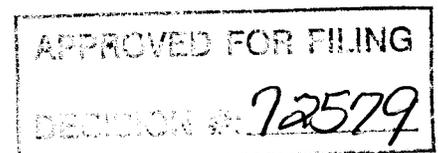

d. "Off-site Facilities" means wells, storage tanks and related appurtenance necessary for proper operation, including engineering and design costs. Off-site Facilities may also include booster pumps, pressure tanks, transmission mains and related appurtenances necessary for proper operation if these facilities are not for the exclusive use of the

**STATEMENT OF RATES AND CHARGES—WATER DIVISION**

Applicant and will benefit the entire water system.

e. "Service Connection" means and includes all service connections for single-family residential or commercial, industrial or other uses, regardless of meter size.

3. Off-site Facilities Hook-up Fee. For each new service connection, the Company shall collect an Off-site Facilities Hook-up Fee as listed in the following table:

<b>OFF-SITE WATER FACILITY HOOK-UP FEE TARIFF TABLE</b>	
<b>Meter Size</b>	<b>Total Fee</b>
5/8 x 3/4"	\$750.00
3/4"	\$900.00
1"	\$1,500.00
1-1/2"	\$3,000.00
2"	\$4,800.00
3"	\$9,000.00
4"	\$15,000.00
6" or greater	\$30,000.00

4. Terms and Conditions.

a. Assessment of One-Time Off-site Facilities Hook-up Fee. The Off-site Facilities Hook-up Fee may be assessed only once per parcel, service connection or lot within a subdivision (similar to meter and service line installation charges).

b. Use of Off-site Facilities Hook-up Fees. Off-site Facilities Hook-up Fees may only be used to pay for capital items of Off-site Facilities, or for repayment of loans obtained to fund the cost of installation of Off-site Facilities. Off-site Facilities Hook-up Fees

STATEMENT OF RATES AND CHARGES—WATER DIVISION

shall not be used to cover repairs, maintenance or operational costs.

c. Time of Payment.

i. For those requiring a Main Extension Agreement: In the event that the Applicant is required to enter into a Main Extension Agreement, whereby the Applicant agrees to advance the costs of installing mains, valves, fittings, hydrants and other on-site improvements or to construct such improvements in order to extend service in accordance with R-14-2-406(B), payment of the Hook-up Fees required hereunder shall be made by the Applicant no later than 15 calendar days after receipt of notification from the Company that the Utilities Division of the Arizona Corporation Commission has approved the Main Extension Agreement in accordance with R-14-2-406(M).

ii. For those connecting to an existing main: In the event that the Applicant is not required to enter into a Main Extension Agreement, the Hook-up Fees required hereunder shall be due and payable at the time the meter and service line installation fee is due and payable.

d. Off-site Facilities Construction by Developer. The Company and the Applicant may agree to construction of Off-site Facilities necessary to serve a particular development by the Applicant, which facilities are then conveyed to the Company. In that event, the Company shall credit the total cost of such Off-site Facilities as an offset to Off-site Facilities Hook-up Fees due under this tariff. If the total cost of the Off-site Facilities constructed by the Applicant and conveyed to the Company is less than the applicable Off-site Facilities Hook-up Fees under this tariff, then the Applicant shall pay the remaining amount of Off-site Facilities Hook-up Fees owed hereunder upon acceptance of the Off-site Facilities by the Company. If the total cost of the Off-site Facilities contributed by the Applicant and conveyed to the Company is more than the applicable Off-site Facilities Hook-up Fees under this tariff, then the Applicant shall be refunded the difference upon acceptance of the Off-site Facilities by the Company.

e. Failure to Pay Fees; Delinquent Payments. The Company will not be obligated to make an advance commitment to provide or actually provide water service to any Applicant if the Applicant has not paid in full all Hook-up Fees required hereunder. Under no circumstances will the Company set a meter or otherwise allow service to be established if the entire amount of any payment due hereunder has not been paid.

f. Large Subdivision and/or Development Projects. In the event that the Applicant is engaged in the development of a residential subdivision and/or development

Scottsdale, AZ 85254

---

PART ONE

STATEMENT OF RATES AND CHARGES—WATER DIVISION

containing more than 150 lots, the Company may, in its discretion, agree to payment of Off-site Facilities Hook-up Fees in installments. Such installments may be based on the residential subdivision and/or development's phasing, and should attempt to equitably apportion the payment of charges hereunder based on the Applicant's construction schedule and water service requirements. In the alternative, the Applicant shall post an irrevocable letter of credit in favor of the Company in a commercially reasonable form, which may be drawn by the Company consistent with the actual or planned construction and Hook-up Fees schedule for the subdivision and/or development.

g. Off-site Facilities Hook-up Fees Non-refundable. The amounts collected by the Company as Off-site Facilities Hook-up Fees pursuant to the Off-site Facilities Hook-up Fee tariff shall be non-refundable contributions in aid of construction.

h. Use of Off-site Facilities Hook-up Fees Received. All funds collected by the Company as Off-site Facilities Hook-up Fees shall be deposited into a separate interest-bearing bank account and used solely for the purposes of paying for the costs of installation of the Off-site Facilities, including repayment of loans obtained for the installation of Off-site Facilities that will benefit the entire water system.

i. Off-site Facilities Hook-up Fees in Addition to On-site Facilities. The Off-site Facilities Hook-up Fee shall be in addition to any costs associated with the construction of on-site facilities under a Main Extension Agreement.

j. Disposition of Excess Funds. After all necessary and desirable Off-site Facilities are constructed utilizing funds collected pursuant to the Off-site Facilities Hook-up Fee, or if the Off-site Facilities Hook-up Fee has been terminated by order of the Commission, any funds remaining in the bank account shall be refunded. The manner of the refund shall be determined by the Commission at the time a refund becomes necessary.

k. Fire Flow Requirements. In the event the Applicant for service has fire flow requirements that require additional facilities beyond those facilities whose costs were included in the Off-site Facilities Hook-up Fee, and which are contemplated to be constructed using the proceeds of the Off-site Facilities Hook-up Fee, the Company may require the Applicant to install such additional facilities as are required to meet those additional fire flow requirements, as a non-refundable contribution, in addition to the Off-site Facilities Hook-up Fee.

STATEMENT OF RATES AND CHARGES—WATER DIVISION

k. Status Reporting Requirements to the Commission. The Company shall submit a calendar year Off-site Facilities Hook-up Fee status report each January 31<sup>st</sup> to Docket Control for the prior twelve (12) month period, beginning January 31, 2012, until the Off-site Facilities Hook-up Fee tariff is no longer in effect. This status report shall contain a list of all customers that have paid the Off-site Facilities Hook-up Fee tariff, the amount each has paid, the physical location/address of the property in respect of which such fee was paid, the amount of money spent from the account, the amount of interest earned on the funds within the bank account, and a list of all facilities that have been installed with the tariff funds during the 12- month period.

**PART TWO**

**STATEMENT OF TERMS AND CONDITIONS—WATER DIVISION**

**I. CROSS-CONNECTION CONTROL.**

**A. Purpose.**

To protect the public water supply in the Company's water system from the possibility of contamination caused by backflow through unprotected cross-connections by requiring the installation and periodic testing of backflow-prevention assemblies pursuant to A.A.C. R14-2-405(B)(6) and A.A.C. R18-4-232, as adopted by the Arizona Department of Environmental Quality, as those regulations may be revised from time to time.

**B. Inspections.**

The customers shall cooperate fully with the Company in its efforts to investigate and determine the degree of potential health hazard to the public water supply which may result from conditions existing on the customer's premises.

**C. Requirements.**

In compliance with the Rules and Regulations of the Arizona Corporation Commission and the Arizona Department of Environmental Quality, specifically A.A.C. R14-2-405(B)(6) and A.A.C. R18-4-232 relating to backflow prevention:

1. The Company shall require a customer to pay for and install, maintain, test and repair a backflow-prevention assembly if A.A.C. R18-4-232(B) or (C) applies.
2. A backflow-prevention assembly required to be installed by the customer under this tariff shall comply with the requirements set forth in A.A.C. R18-4-232(D) and (E).
3. The Company shall give any customer who is required to install and/or test a backflow-prevention assembly written notice of said requirement. If A.A.C. R14-2-410(B)(1)(a) is not applicable, the customer shall be given thirty (30) days in which to comply with this notice. If the customer can show good cause as to why he or she cannot install the device within thirty (30) days, the Company or the Arizona Corporation Commission Staff may grant additional time for this requirement.
4. Testing shall be in conformance with the requirements of A.A.C. R18-4-232(F). The Company shall not require an unreasonable number of tests.

**DECISION # 71854**

---

**PART TWO**

**STATEMENT OF TERMS AND CONDITIONS—WATER DIVISION**

5. The customer shall provide the Company with records of installation and testing. For each backflow-prevention assembly, these records shall include:

- a. assembly identification number and description;
- b. location;
- c. date(s) of test(s);
- d. description of repairs made by tester; and
- e. tester's name and certificate number.

**D. Discontinuance of Service.**

In accordance with A.A.C. R14-2-407 and 410 and provisions of this tariff, the Company may terminate service or deny service to a customer who fails to install and/or test a backflow-prevention assembly as required by this tariff.

1. In the event the backflow-prevention assembly has not been installed or fails any test and A.A.C. R14-2-410(B)(1)(a) is applicable, the Company may terminate service immediately and without notice. The backflow-prevention assembly shall be installed and repaired by the customer and retested before service is restored.

2. In the event the backflow-prevention assembly has not been installed or fails any test and A.A.C. R14-2-410(B)(1)(a) is applicable, the backflow-prevention assembly shall be installed and/or repaired by the customer and tested within fourteen (14) days of written notice by the Company. Failure to install or to remedy the deficiency or disfunction of the assembly, or failure to retest shall be grounds for termination of water utility service in accordance with A.A.C. R14-2-410.

**PART TWO**

**STATEMENT OF TERMS AND CONDITIONS—WATER DIVISION**

**II. CURTAILMENT.**

ADEQ Public Water System Numbers: 11-128, 11-116 & 11-245.

The Company is authorized to curtail water service to all customers within its certificated area under the terms and conditions listed in this tariff. This curtailment plan shall become part of the Arizona Department of Environmental Quality Emergency Operations Plan for the Company. The Company shall provide a copy of the curtailment tariff to any customer upon request.

**A. STAGE 1.** Stage 1 exists when the Company is able to maintain water storage in the system at 100% of capacity and there are no known problems with its well production or water storage in the system.

1. **Restrictions.** Under Stage 1, the Company is deemed to be operating normally and no curtailment is necessary.

2. **Notice Requirements.** Under Stage 1, no notice is necessary.

**B. STAGE 2.** Stage 2 exists when:

- The Company's water storage or well production has been less than 80% of capacity for at least 48 consecutive hours; and

- The Company has identified issues such as a steadily declining water table, increased draw down threatening pump operations, or poor water production, creating a reasonable belief the Company will be unable to meet anticipated water demand on a sustained basis.

1. **Restrictions.** Under Stage 2, the Company may request that customers voluntarily employ water conservation measures to reduce water consumption by approximately 50%. Outside watering should be limited to essential watering, dividing outside watering on some uniform basis (such as even and odd days) and eliminating outside watering on weekends and holidays.

2. **Notice Requirements.** Under Stage 2, the Company is required to notify customers by (i) delivering written notice door to door at each service address, (ii) by United States first class mail to the billing address, or (iii) at the Company's option, both. Such notice shall notify the customers of the general nature of the problem and the need to conserve water.

**PART TWO**

**STATEMENT OF TERMS AND CONDITIONS—WATER DIVISION**

**C. STAGE 3.** Stage 3 exists when:

- The Company's total water storage or well production has been less than 50% of capacity for at least 24 consecutive hours; and

- The Company has identified issues such as a steadily declining water table, increased draw down threatening pump operations, or poor water production, creating a reasonable belief the Company will be unable to meet anticipated water demand on a sustained basis.

1. **Restrictions.** Under Stage 3, the Company shall request the customers to voluntarily employ water conservation measures to reduce daily consumption by approximately 50%. All outside watering should be eliminated, except livestock, and indoor water conservation techniques should be employed whenever possible. Standpipe service shall be suspended.

2. **Notice Requirements.**

a. Company is required to notify customers by delivering written notice to each service address, or by United States first class mail to the billing address or, at the company's option, both. Such Notice shall notify the customers of the general nature of the problem and the need to conserve water.

b. Beginning with Stage 3, the Company shall post signs showing the curtailment stage. Signs shall be posted at noticeable locations, like at the well sites and at the entrance to major subdivisions served by the Company.

c. The Company shall notify the Consumer Services Section of the Utilities Division of the Arizona Corporation Commission at least 12 hours prior to entering Stage 3.

Once Stage 3 has been reached, the Company must begin to augment the supply of water by either hauling or through an emergency interconnect with an approved water supply in an attempt to maintain the curtailment at a level no higher than Stage 3 until a permanent solution has been implemented.

**PART TWO**

**STATEMENT OF TERMS AND CONDITIONS—WATER DIVISION**

**D. STAGE 4. Stage 4 exists when:**

- The Company's total water storage or well production has been less than 25% of capacity for at least 12 consecutive hours; and
- The Company has identified issues such as steadily declining water table, increased draw down threatening pump operations, or poor water production, creating a reasonable belief the Company will be unable to meet anticipated water demand on a sustained basis.

1. **Restrictions.** Under Stage 4, the Company shall inform the customers of a **mandatory** restriction to employ water conservation measures to reduce daily consumption. Failure to comply will result in customer disconnection. The following uses of water shall be prohibited:

- Irrigation of outdoor lawns, trees, shrubs, or any plant life is prohibited.
- Washing of any vehicle is prohibited.
- The use of water for dust control or any outdoor cleaning uses is prohibited.
- The use of drip or misting systems of any kind is prohibited.
- The filling of any swimming pool, spas, fountains or ornamental pools is prohibited.
- The use of construction water is prohibited.
- Restaurant patrons shall be served water only upon request.
- Any other water intensive activity is prohibited.

The Company's operation of standpipe service is prohibited during Stage 4. In addition, the addition of new service lines and meter installations is prohibited.

2. **Notice Requirements.**

a. The Company is required to notify customers by delivering written notice to each service address, or by United States first class mail to the billing address or, at the Company's option, both. Such Notice shall notify the customers of the general nature of the problem and the need to conserve water.

---

**PART TWO**

**STATEMENT OF TERMS AND CONDITIONS—WATER DIVISION**

b. The Company shall post signs showing the curtailment stage. Signs shall be posted at noticeable locations, like at the well sites and at the entrance to major subdivisions served by the Company.

c. The Company shall notify the Consumer Services Section of the Utilities Division of the Arizona Corporation Commission at least 12 hours prior to entering Stage 4.

Customers who fail to comply with the above restrictions will be given a written notice to end all outdoor use. Failure to comply within two (2) working days of receipt of the notice will result in temporary loss of service until an agreement can be made to end the unauthorized use of outdoor water. To restore service, the customer shall be required to pay all authorized reconnection fees. If a customer believes he or she has been disconnected in error, the customer may contact the Arizona Corporation Commission's Consumer Services Section at 1-800-222-7000 to initiate an investigation.

Once Stage 4 has been reached, the Company must augment the supply of water by hauling or through an emergency interconnect from an approved supply or must otherwise provide emergency drinking water for its customers until a permanent solution has been implemented.

**III. RULES AND REGULATIONS.**

The Company complies with and follows the Rules and Regulations established by the Arizona Corporation Commission for water service providers as set forth in A.A.C. R14-2-401 *et seq.* Accordingly, the rules set forth in A.A.C. R14-2-401 *et seq.* will be controlling of Company operating procedures unless a specific Commission order provides otherwise.

**PART THREE**

**STATEMENT OF RATES AND CHARGES—WASTEWATER DIVISION**

**I. RATES AND CHARGES.**

In Decision No. 71854 (August 25, 2010), as amended by Decision 72579 (September 15, 2011), the Commission approved new rates and charges as set forth in this tariff to be effective for all wastewater service rendered by the Company in all wastewater service areas for all classes of service on and after October 1, 2011.

**A. Monthly Wastewater Usage Charge.**

Each customer shall pay a Monthly Wastewater Usage Charge based upon the size of the customer's water meter, as follows:

<u>Meter Size</u>	<u>Monthly Wastewater Usage Charge</u>
5/8" Meter	\$35.77
3/4" Meter	\$39.35
1" Meter	\$50.08
1-1/2" Meter	\$64.39
2" Meter	\$103.73
3" Meter	\$393.47
4" Meter	\$751.17
6" Meter	\$1,037.33
8" Meter	\$1,430.80
10" Meter	\$2,056.78

Pursuant to Decision No. 64062 (October 4, 2001), the monthly billing for wastewater service at a new wastewater service location shall commence when wastewater first flows into the wastewater collection system.

**PART THREE**

**STATEMENT OF RATES AND CHARGES—WASTEWATER DIVISION**

**B. Service Line Connection Charge.**

In addition to all other applicable rates and charges in this tariff, each customer requesting new wastewater service shall pay a Service Line Connection Charge in the amount of \$350.00.

The Company shall install and own the service line up to the customer's property line. The customer shall install and own the service line on the customer's side of the customer's property line. The customer shall maintain and operate the service line from the connection to the main line in the street or right-of-way to its interconnection with the customer's building or facility.

**C. Sale of Effluent.**

1. Rate Per 1,000 gallons: \$0.63.
2. Rate Per Acre-Foot: \$205.29.

**D. Additional Service Charges.**

In addition to all other applicable rates and charges in this tariff, each customer shall be subject to the following charges, as applicable:

Establishment	\$25.00
Establishment (After Hours)	\$40.00
Deposit (Residential)	(a)
Deposit (Non-Residential)	(a)
Deposit Interest, Per Annum	(b)
Re-establishment (Within 12 Months)	(c)
Re-establishment (After Hours)	(c)
NSF Check	\$15.00
Deferred Payment Interest, Per Month	1.50%
After-Hours Service, Per A.A.C. R14-2-603(D)	Refer to Above Charges
Late Charge, Per Month	1.50% (d)

**Notes to Additional Service Charges:**

- (a) Residential: two times the estimated average monthly bill.  
Non-Residential: two and one-half times the estimated maximum monthly bill.

DECISION #: 72579

**PART ONE**

**STATEMENT OF RATES AND CHARGES—WATER DIVISION**

**E. Central Arizona Groundwater Replenishment District Adjustor Charge.**

1. CAGRD Adjustor Mechanism. In Decision No. 71854 dated August 24, 2010, the Arizona Corporation Commission authorized the Company to implement a Central Arizona Groundwater Replenishment District ("CAGRD") adjustor mechanism to recover the annual tax assessments imposed upon the Company by the CAGRD as a result of the Company's membership in the CAGRD. Accordingly, in addition to all other applicable rates and charges in this tariff, each customer shall pay a monthly CAGRD adjustor charge per thousand gallons of water delivered, as set forth below, effective for all water service rendered in all water service areas for all classes of service on and after June 1, 2010, in accordance with all conditions set forth in Decision No. 71854. The CAGRD adjustor fee shall be calculated as follows: The total CAGRD fees for the most current year in the Phoenix Active Management Area ("Phoenix AMA") shall be divided by the gallons sold in that year to determine a CAGRD fee per 1,000 gallons delivered to customers in the Phoenix AMA. Similarly, the total CAGRD fees for the most current year in the Pinal Active Management Area ("Pinal AMA") shall be divided by the gallons sold in that year to determine a CAGRD fee per 1,000 gallons delivered to customers in the Pinal AMA. By August 25th of each year, the Company shall submit for Commission consideration its proposed CAGRD adjustor fees for the Phoenix AMA and the Pinal AMA, along with the calculations and documentation from the relevant state agencies to support the data used in the calculations. The Commission-approved CAGRD fees shall become effective on October 1 and shall remain in effect until the next CAGRD fee is calculated and approved. To prevent over or under recovery of CAGRD assessments, an annual true-up shall be performed at the time the Company submits its proposed CAGRD adjustor to the Commission. Any over or under recovery of CAGRD fees shall be included in the next year's computation.

2. CAGRD Adjustor Fees. A CAGRD adjustor fee shall be applicable to each thousand gallons of water sold, as follows:

<u>AMA Where Customer Resides:</u>	<u>Rate Per Thousand Gallons of Water Delivered:</u>
Phoenix AMA	\$0.840
Pinal AMA	\$0.210

**PART THREE**

**STATEMENT OF RATES AND CHARGES—WASTEWATER DIVISION**

**I. RATES AND CHARGES.**

In Decision No. 71854 dated August 24, 2010, the Commission approved new rates and charges as set forth in this tariff to be effective for all wastewater service rendered by the Company in all wastewater service areas for all classes of service on and after June 1, 2010.

**A. Monthly Wastewater Usage Charge.**

Each customer shall pay a Monthly Wastewater Usage Charge based upon the size of the customer's water meter, as follows:

<u>Meter Size</u>	<u>Monthly Wastewater Usage Charge</u>
5/8" Meter	\$29.8100
3/4" Meter	\$32.7900
1" Meter	\$41.7300
1-1/2" Meter	\$53.6508
2" Meter	\$86.4400
3" Meter	\$327.8700
4" Meter	\$625.9300
6" Meter	\$864.3700
8" Meter	\$1,092.6000
10" Meter	\$1,748.3300

Pursuant to Decision No. 64062 (October 4, 2001), the monthly billing for wastewater service at a new wastewater service location shall commence when wastewater first flows into the wastewater collection system.

Issued: September 23, 2010

Effective: June 1, 2010

**PART THREE**

**STATEMENT OF RATES AND CHARGES—WASTEWATER DIVISION**

**B. Service Line Connection Charge.**

In addition to all other applicable rates and charges in this tariff, each customer requesting new wastewater service shall pay a Service Line Connection Charge in the amount of \$350.00.

The Company shall install and own the service line up to the customer's property line. The customer shall install and own the service line on the customer's side of the customer's property line. The customer shall maintain and operate the service line from the connection to the main line in the street or right-of-way to its interconnection with the customer's building or facility.

**C. Sale of Effluent.**

1. Rate Per 1,000 gallons: \$0.5280.
2. Rate Per Acre-Foot: \$170.3200.

**D. Additional Service Charges.**

In addition to all other applicable rates and charges in this tariff, each customer shall be subject to the following charges, as applicable:

Establishment	\$25.00
Establishment (After Hours)	\$40.00
Deposit (Residential)	(a)
Deposit (Non-Residential)	(a)
Deposit Interest, Per Annum	(b)
Re-establishment (Within 12 Months)	(c)
Re-establishment (After Hours)	(c)
NSF Check	\$15.00
Deferred Payment Interest, Per Month	1.50%
After-Hours Service, Per A.A.C. R14-2-603(D)	Refer to Above Charges
Late Charge, Per Month	\$40.00 (d)

**Notes to Additional Service Charges:**

- (a) Residential: two times the average monthly bill.  
Non-Residential: two and one-half times the maximum monthly bill.

**PART ONE**

**STATEMENT OF RATES AND CHARGES—WATER DIVISION**

**E. Central Arizona Groundwater Replenishment District Adjustor Charge.**

1. CAGR D Adjustor Mechanism. In Decision No. 71854 dated August 25, 2010, the Arizona Corporation Commission authorized the Company to implement a Central Arizona Groundwater Replenishment District ("CAGR D") adjustor mechanism to recover the annual tax assessments imposed upon the Company by the CAGR D as a result of the Company's membership in the CAGR D. Accordingly, in addition to all other applicable rates and charges in this tariff, each customer shall pay a monthly CAGR D adjustor charge per thousand gallons of water delivered, as set forth below, effective for all water service rendered in all water service areas for all classes of service on and after October 1, 2010, in accordance with all conditions set forth in Decision No. 71854. The CAGR D adjustor fee shall be calculated as follows: The total CAGR D fees for the most current year in the Phoenix Active Management Area ("Phoenix AMA") shall be divided by the gallons sold in that year to determine a CAGR D fee per 1,000 gallons delivered to customers in the Phoenix AMA. Similarly, the total CAGR D fees for the most current year in the Pinal Active Management Area ("Pinal AMA") shall be divided by the gallons sold in that year to determine a CAGR D fee per 1,000 gallons delivered to customers in the Pinal AMA. By August 25th of each year, the Company shall submit for Commission consideration its proposed CAGR D adjustor fees for the Phoenix AMA and the Pinal AMA, along with the calculations and documentation from the relevant state agencies to support the data used in the calculations. The Commission-approved CAGR D fees shall become effective on October 1 and shall remain in effect until the next CAGR D fee is calculated and approved. To prevent over or under recovery of CAGR D assessments, an annual true-up shall be performed at the time the Company submits its proposed CAGR D adjustor to the Commission. Any over or under recovery of CAGR D fees shall be included in the next year's computation.

2. CAGR D Adjustor Fees. A CAGR D adjustor fee shall be applicable to each thousand gallons of water sold, as follows:

<u>AMA Where Customer Resides:</u>	<u>Rate Per Thousand Gallons of Water Delivered:</u>
Phoenix AMA	\$0.747
Pinal AMA	\$0.252

Issued: September 23, 2010

Effective: October 1, 2010
