RE: Docket No. WS-00000A-14-0198, *IN THE MATTER OF THE COMMISSION'S INQUIRY INTO THE POSSIBLE DEVELOPMENT OF REGULATORY POLICIES AND STRATEGIES TO EVALUATE AND POTENTIALLY ENCOURAGE CONSOLIDATION CONCERNING ARIZONA'S WATER AND WASTEWATER UTILITIES INDUSTRY.*

Dear Chairman, Fellow Commissioners, and other interested persons:

As we discussed at the Commission Staff Open Meeting on June 10, 2014, I think it is worthwhile to open a generic docket for purposes of a Commission inquiry into the possible development of regulatory policies and strategies to evaluate and potentially encourage consolidation concerning Arizona's water and wastewater utilities' industry. I appreciate the support of my fellow Commissioners in this matter, and have opened the docket as captioned above. I also appreciate Utility Division Director Steve Olea's comments and suggestions concerning appropriate strategies and policies the Commission might consider as part of its inquiry.

I believe a brief history of related Commission dockets would be helpful as background. The Commission previously examined these and other issues relating to the water utility industry in Docket No. W-00000C98-0153, *In The Matter Of The Commission's Own Motion To Establish The Commission Water Task Force,* Decision No. 60829.

The Task Force issued a report on October 28, 1999. The report was docketed on January 5, 2000, and distributed to every Arizona water company regulated by the Commission for comment. One of the recommendations of the report was to "reduce the number of small, non-viable water systems through new rules and procedures." Commission Staff filed recommendations regarding the report. RUCO filed exceptions and recommended that the Commission explore certain options in lieu of Staff's proposed acquisition premium policy.

In my review of the filings in this docket, I was greatly impressed with the work by Staff and other stakeholders, including RUCO, in identifying potential solutions to encourage acquisition and consolidation of small water companies in the State.

In Decision No. 62993, Staff was ordered to "develop, through meetings with members of the industry, RUCO and other interested parties a detailed statement of policy regarding acquisition adjustments and rate of return premiums by June 30, 2001." This report was filed on June 29, 2001. There is no record of the Commission taking further action in this docket.

More recently, on May 8, 2014, I received a white paper; "*Acquisitions and Consolidations in Arizona's Water and Wastewater Industry*" jointly authored by Paul Walker, representing Arizonans for Responsible Water Policy, and Pat Quinn, Director of the Residential Utility Consumer Office. The white paper states that the two authors had a series of discussions regarding consolidation of water and wastewater utility and looked forward to working with my office and the Commission as a whole on this issue. The white paper has been filed in Docket No. WS-00000A-14-0198.

One of my purposes in opening this docket is to restart a dialogue regarding issues associated with the Task Force study and evaluate whether the Commission should entertain rate-setting policy changes in the water and wastewater industry. Therefore, I would appreciate comments on the referenced Responsible Water/RUCO paper and related topics from my colleagues and all interested stakeholders. It would be most helpful for our timely review in this inquiry, if comments were filed in the above captioned Docket No. WS-00000A-14-0198 by August 7, 2014.

As I have not reached any conclusions on the issues that might be raised, I look forward to your comments and my future full consideration of these matters.

Sincerely,

Susan Bitter Smith
Commissioner
