ACC HOLDING TOWN HALL ON PINE WATER ISSUES Peak Usage Season Coming Soon

PHOENIX – The Arizona Corporation Commission (ACC) will hold a Town Hall meeting at the Pine-Strawberry Elementary School Gym on Thursday, May 3 at 6:00 PM. The Commissioners are seeking an update from community members on the water supply situation in the region.

Brooke Utilities hauls water into the region to meet demand during peak use times. These truckloads of water have allowed the company to avoid outages over the past few summers. However, water hauling results in increased costs and is not a permanent solution to the problem. The ACC has imposed a moratorium on new connections until a long-term solution to the water supply issues can be found. Local officials and residents are invited to share their comments and concerns with the Commissioners.
