To help you determine whether you are making this request for a "**commercial purpose**" as defined in Arizona Revised Statutes Section 39-121.03, that definition appears below.

Commercial purpose means the use of a public record for the purpose of sale or resale or for the purpose of producing a document containing all or part of the copy, printout or photograph for sale or the obtaining of names and addresses from public records for the purpose of solicitation or the sale of names and addresses to another for the purpose of solicitation or for any purpose in which the purchaser can reasonably anticipate the receipt of monetary gain from the direct or indirect use of the public record. ***If you are requesting the public records for a COMMERCIAL PURPOSE, please read all information on this form and sign the statement below before a Notary Public.**

Pursuant to ARS § 39-121.03, any person requesting copies, printouts or photographs of public records for a commercial purpose must provide a statement setting forth the commercial purpose for which the records/reproductions will be used. A person providing a statement setting forth the commercial purpose for which the reproductions will be used may be furnished such reproductions for a charge reflecting the following: (1) a portion of the cost to the state for obtaining the documents or records to be reproduced, (2) a reasonable fee covering the cost of time, materials, equipment, and personnel in producing the reproduction, and (3) the value of the reproduction on the commercial market as determined by the state.

If the custodian of a public record determines that the stated commercial purpose of a reproduction is a misuse of public records or an abuse of the right to receive them, the custodian may refuse the request for reproduction of the records for the stated commercial purpose and must apply to the Governor for an Executive Order prohibiting the furnishing of the reproductions for the commercial purpose stated. If an Executive Order is not issued within thirty (30) days of the custodian's application, the requesting party will be furnished such reproductions for the commercial purpose set forth in his or her statement upon payment of the appropriate fee.

A person who obtains public records for a commercial purpose without indicating the commercial purpose or who obtains a public record for a noncommercial purpose and uses or knowingly allows the use of such public record for a commercial purpose or obtains a public record for a commercial purpose and uses or knowingly allows the use of such public record for a different commercial purpose or obtains a public record from anyone other than the custodian of such records and uses them for a commercial purpose shall, in addition to other penalties, be liable to the state or the political subdivision from which the public record was obtained for damages in the amount of three times the amount that would have been charged for the public record had the commercial purpose been stated plus costs and reasonable attorneys' fees or shall be liable to the state or the political subdivision for the amount of three times the actual damages if it can be shown that the public record would not have been provided had the commercial purpose of actual use been stated at the time of obtaining the records.
