RECEIVED

2003 SEP 12 P 2: 30

AZ CORP COMMISSION
DOCUMENT CONTROL

September 12, 2003

Dear Interested Party:

On March 18, 2003, the Arizona Corporation Commission ("Commission") issued Decision No. 65743 in the Generic Proceeding Concerning Electric Restructuring Issues (Track B), Docket No. E-00000A-02-0051, et. al. In that Decision, the Commission ordered Staff to facilitate a workshop process to develop an environmental risk management policy.

The Commission Staff has scheduled an **Environmental Risk Management Workshop on September 26, 2003**. The Workshop is scheduled from 9:30 a.m. to noon in the Auditorium of the Arizona Industrial Commission, 800 W. Washington Street, Phoenix.

The initial meeting will act as a starting point for a multi-month working group process to discuss, evaluate, and develop a proposed environmental risk management policy for the Commission. In the initial meeting, stakeholders will be asked to help to define the scope and details of the process, identify major discussion topics, suggest potential guest speakers, and consider how the process will lead to the filing of a report in March 2004.

Staff anticipates monthly meetings through March 2004. Staff will attempt to coordinate meetings with a parallel Demand-Side Management (DSM) workshop effort. Currently, Staff plans for a second Environmental Risk Management meeting on the morning of October 30, 2003, just prior to the first DSM workshop.

Parties should bring lists of potential experts and speakers for future workshop educational purposes. If speakers are from outside Arizona, are parties able to support travel/speaking expenses?

In the future, information in this matter will be distributed via e-mail and posted on the ACC website. If you wish to be included in the e-mail distribution list, please indicate this to Ray Williamson via e-mail, at rwilliamson@cc.state.az.us . If you have questions, please call Mr. Williamson at 602-542-0828.

Sincerely,

A handwritten signature in black ink, appearing to read "E.G. Johnson", written over a horizontal line.

Ernest G. Johnson
Director, Utilities Division
