TARIFF FORMAT

- A. Page Numbering** - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the tariff. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between pages 14 and 15 would be 14.1.
- B. Page Revision Numbers** - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Commission. For example, the 4th revised Page 14 cancels the 3rd revised Page 14. Because of various suspension periods, deferrals, etc., the most current page number on file with the Commission is not always the tariff page in effect. Consult the Check Sheet for the page currently in effect.
- C. Paragraph Numbering Sequence** - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2.
 - 2.1.
 - 2.1.1.
 - 2.1.1.A.
 - 2.1.1.A.1.
 - 2.1.1.A.1.(a).
 - 2.1.1.A.1.(a).I.
 - 2.1.1.A.1.(a).I.(i).
 - 2.1.1.A.1.(a).I.(i).(1).
- D. Check Sheets** - When a tariff filing is made with the Commission, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the pages contained in the tariff, with a cross reference to the current revision number. When new pages are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this page if these are the only changes made to it (i.e., the format, etc. remain the same, just revised revision levels on some pages.) The tariff user should refer to the latest Check Sheet to find out if a particular page is the most current on file with the Commission.

SECTION 1 - DEFINITIONS

Access Line - An arrangement from a local exchange telephone company or other common carrier, using either dedicated or switched access, which connects a Customer's location to Carrier's location or switching center.

Account - A Company accounting category containing up to two (2) residential local exchange access lines billed to the same Customer at the same address. The second or non-primary local exchange access line will share any call allowance of the primary local exchange access line. The second or non-primary local exchange access line therefore will not be provisioned to include a separate call allowance structure. No features are included with the second or non-primary local exchange access line.

Account Codes - Permits Centrex Stations and attendants to dial an account code number of up to eight digits. For use when placing calls over facilities arranged for Automatic Message Accounting (AMA) recording. The account or project number must be input prior to dialing the called number.

Advance Payment - Part or all of a payment required before the start of service.

Authorization Code - A numerical code, one or more of which may be assigned to a Customer, to enable Carrier to identify the origin of service of the Customer so it may rate and bill the call. All authorization codes shall be the sole property of Carrier and no Customer shall have any property or other right or interest in the use of any particular authorization code. Automatic numbering identification (ANI) may be used as or in connection with the authorization code.

Authorized User - A person, firm or corporation authorized by the Customer to be an end-user of the service of the Customer.

Automatic Numbering Identification (ANI) - A type of signaling provided by a local exchange telephone company which automatically identifies the local exchange line from which a call originates.

Commission - Arizona Corporation Commission.

Common Carrier - An authorized company or entity providing telecommunications services to the public

Company - Citynet Arizona, LLC, the issuer of this tariff.

Customer - The person, firm or corporation that orders service and is responsible for the payment of charges and compliance with the terms and conditions of this tariff.

Customer Premises - A location designated by the Customer for the purposes of connecting to the Company's services.

Customer Terminal Equipment - Terminal equipment provided by the Customer.

SECTION 1 - DEFINITIONS, (CONT'D.)

Deposit - Refers to a cash or equivalent of cash security held as a guarantee for payment of the charges.

End Office - The LEC switching system office or serving wire center where Customer station loops are terminated for purposes of interconnection to each other and/or to trunks.

Equal Access - A form of dialed access provided by local exchange companies whereby interexchange calls dialed by the Customer are automatically routed to the Company's network. Presubscribed Customers may also route interexchange calls to the Company's network by dialing an access code supplied by the Company.

Exchange Telephone Company or Telephone Company - Denotes any individual, partnership, association, joint-stock company, trust, or corporation authorized by the appropriate regulatory bodies to engage in providing public switched communication service throughout an exchange area, and between exchange areas within the LATA.

ICB - Individual Case Basis.

IXC or Interexchange Carrier- A long distance telecommunications services provider.

Interruption - The inability to complete calls due to equipment malfunctions or human errors. Interruption shall not include, and no allowance shall be given for service difficulties such as slow dial tone, circuits busy or other network and/or switching capability shortages. Nor shall Interruption include the failure of any service or facilities provided by a common carrier or other entity other than the Carrier. Any Interruption allowance provided within this Tariff by Carrier shall not apply where service is interrupted by the negligence or willful act of the Customer, or where the Carrier, pursuant to the terms of this Tariff, terminates service because of non-payment of bills, unlawful or improper use of the Carrier's facilities or service, or any other reason covered by this Tariff or by applicable law.

LATA - A Local Access and Transport Area established pursuant to the Modification of Final Judgment entered by the United States District Court for the District of Columbia in Civil Action No. 82-0192; or any other geographic area designated as a LATA in the National Exchange Carrier Association, Inc. Tariff F.C.C. No. 4, or its successor tariff(s).

LEC - Local Exchange Company refers to the dominant, monopoly local telephone company in the area also served by the Company.

SECTION 2 - REGULATIONS**2.1 Undertaking of the Company****2.1.1 Scope**

The Company undertakes to furnish communications service pursuant to the terms of this tariff in connection with one-way and/or two-way information transmission between points within the state of Arizona.

The Company is responsible under this tariff only for the services and facilities provided hereunder, and it assumes no responsibility for any service provided by any other entity that purchases access to the Company network in order to originate or terminate its own services, or to communicate with its own customers.

2.1.2 Shortage of Equipment or Facilities

- A. The Company reserves the right to limit or to allocate the use of existing facilities, or of additional facilities offered by the Company, when necessary because of lack of facilities, or due to some other cause beyond the Company's control.
- B. The furnishing of service under this tariff is subject to the availability on a continuing basis of all the necessary facilities and is limited to the capacity of the Company's facilities as well as facilities the Company may obtain from other carriers to furnish service from time to time as required at the sole discretion of the Company.

SECTION 2 - REGULATIONS, (CONT'D.)**2.1 Undertaking of the Company, (Cont'd.)****2.1.3 Terms and Conditions**

- A. Service is provided on the basis of a minimum period of at least thirty (30) days, 24-hours per day. For the purpose of computing charges in this tariff, a month is considered to have 30 days.
- B. Except as otherwise stated in this tariff, Customers may be required to enter into written service orders which shall contain or reference a specific description of the service ordered, the rates to be charged, the duration of the services, and the terms and conditions in this tariff. Customers will also be required to execute any other documents as may be reasonably requested by the Company.
- C. At the expiration of the initial term specified in each Service Order, or in any extension thereof, service shall continue on a month-to-month basis at the then current rates unless terminated by either party upon notice. Any termination shall not relieve the Customer of its obligation to pay any charges incurred under the service order and this tariff prior to termination. The rights and obligations, which by their nature extend beyond the termination of the term of the service order, shall survive such termination.
- D. In any action between the parties to enforce any provision of this tariff, the prevailing party shall be entitled to recover its legal fees and court costs from the non-prevailing party in addition to other relief a court may award.
- E. Service may be terminated upon written notice to the Customer if:
- .1 the Customer is using the service in violation of this tariff; or
 - .2 the Customer is using the service in violation of the law.
- F. This tariff shall be interpreted and governed by the laws of the state of Arizona regardless of its choice of laws provision.

2.1 Undertaking of the Company, (Cont'd.)

2.1.4 Limitations on Liability, (Cont'd.)

I. With respect to Emergency Number 911 Service, (Cont'd.)

.3 When a Customer with a nonpublished telephone number, as defined herein, places a call to the emergency 911 service, the Company will release the name and address of the calling party, where such information can be determined, to the appropriate local governmental authority responsible for emergency 911 service upon request of such governmental authority. By subscribing to service under this rate sheet, the Customer acknowledges and agrees with the release of information as described above.

2.1.5 Notification of Service-Affecting Activities

The Company will provide the Customer reasonable notification of service-affecting activities that may occur in normal operation of its business. Such activities may include, but are not limited to, equipment or facilities additions, removals or rearrangements and routine preventative maintenance. Generally, such activities are not specific to an individual Customer but affect many Customers' services. No specific advance notification period is applicable to all service activities. The Company will work cooperatively with the Customer to determine the reasonable notification requirements. With some emergency or unplanned service-affecting conditions, such as an outage resulting from cable damage, notification to the Customer may not be possible.

SECTION 2 - REGULATIONS, (CONT'D.)**2.1 Undertaking of the Company, (Cont'd.)****2.1.6 Provision of Equipment and Facilities**

- A.** The Company shall use reasonable efforts to make available services to a Customer on or before a particular date, subject to the provisions of and compliance by the Customer with, the regulations contained in this tariff. The Company does not guarantee availability by any such date and shall not be liable for any delays in commencing service to any Customer.
- B.** The Company shall use reasonable efforts to maintain only the facilities and equipment that it furnishes to the Customer. The Customer may not, nor may the Customer permit others to, rearrange, disconnect, remove, attempt to repair, or otherwise interfere with any of the facilities or equipment installed by the Company, except upon the written consent of the Company.
- C.** The Company may substitute, change or rearrange any equipment or facility at any time and from time to time, but shall not thereby alter the technical parameters of the service provided the Customer.
- D.** Equipment the Company provides or installs at the Customer Premises for use in connection with the services the Company offers shall not be used for any purpose other than that for which it was provided.
- E.** The Customer shall be responsible for the payment of service charges as set forth herein for visits by the Company's agents or employees to the Premises of the Customer when the service difficulty or trouble report results from the use of equipment or facilities provided by any party other than the Company, including but not limited to the Customer.

SECTION 2 - REGULATIONS, (CONT'D.)

2.1 Undertaking of the Company, (Cont'd.)

2.1.6 Provision of Equipment and Facilities, (Cont'd.)

- F. The Company shall not be responsible for the installation, operation, or maintenance of any Customer-provided communications equipment. Where such equipment is connected to the facilities furnished pursuant to this tariff, the responsibility of the Company shall be limited to the furnishing of facilities offered under this tariff and to the maintenance and operation of such facilities. Subject to this responsibility, the Company shall not be responsible for:
- (1) the transmission of signals by Customer-provided equipment or for the quality of, or defects in, such transmission; or
 - (2) the reception of signals by Customer-provided equipment.

SECTION 2 - REGULATIONS, (CONT'D.)**2.1 Undertaking of the Company, (Cont'd.)****2.1.7 Non-routine Installation**

At the Customer's request, installation and/or maintenance may be performed outside the Company's regular business hours or in hazardous locations. In such cases, charges based on cost of the actual labor, material, or other costs incurred by or charged to the Company will apply. If installation is started during regular business hours but, at the Customer's request, extends beyond regular business hours into time periods including, but not limited to, weekends, holidays, and/or night hours, additional charges may apply.

2.1.8 Special Construction

Subject to the agreement of the Company and to all of the regulations contained in this tariff, special construction of facilities may be undertaken on a reasonable efforts basis at the request of the Customer. Special construction is that construction undertaken:

- A. where facilities are not presently available, and there is no other requirement for the facilities so constructed;
- B. of a type other than that which the Company would normally utilize in the furnishing of its services;
- C. over a route other than that which the Company would normally utilize in the furnishing of its services;
- D. in a quantity greater than that which the Company would normally construct;
- E. on an expedited basis;
- F. on a temporary basis until permanent facilities are available;
- G. involving abnormal costs; or
- H. in advance of its normal construction.

2.1.9 Ownership of Facilities

Title to all facilities provided in accordance with this rate sheet remains in the Company, its partners, agents, contractors or suppliers.

SECTION 2 - REGULATIONS, (CONT'D.)**2.2 Prohibited Uses**

- 2.2.1** The services the Company offers shall not be used for any unlawful purpose or for any use as to which the Customer has not obtained all required governmental approvals, authorizations, licenses, consents and permits.
- 2.2.2** The Company may require applicants for service who intend to use the Company's offerings for resale and/or for shared use to file a letter with the Company confirming that their use of the Company's offerings complies with relevant laws and Commission regulations, policies, orders, and decisions.
- 2.2.3** The Company may block any signals being transmitted over its Network by Customers which cause interference to the Company or other users. Customer shall be relieved of all obligations to make payments for charges relating to any blocked Service and shall indemnify the Company for any claim, judgment or liability resulting from such blockage.
- 2.2.4** A customer, joint user, or authorized user may not assign, or transfer in any manner, the service or any rights associated with the service without the written consent of the Company. The Company will permit a Customer to transfer its existing service to another entity if the existing Customer has paid all charges owed to the Company for regulated communications services. Such a transfer will be treated as a disconnection of existing service and installation of new service, and non-recurring installation charges as stated in this tariff will apply.

SECTION 2 - REGULATIONS, (CONT'D.)**2.5 Payment Arrangements****2.5.1 Payment for Service**

The Customer is responsible for the payment of all charges for facilities and services furnished by the Company to the Customer and to all Authorized Users by the Customer, regardless of whether those services are used by the Customer itself or are resold to or shared with other persons.

The Customer is responsible for payment of any sales, use, gross receipts, excise, access or other local, state, federal and 911 taxes, charges or surcharges (however designated) (excluding taxes on Company's net income) imposed on or based upon the provision, sale or use of Network Services.

The security of the Customer's PIN is the responsibility of the Customer. All calls placed using a PIN shall be billed to and shall be the obligation of the Customer. The Customer shall not be responsible for charges in connection with the unauthorized use of PINs arising after the Customer notifies the Company of the loss, theft, or other breach of security of such PINs.

Customers will only be charged once, on either an interstate or intrastate basis, for any nonrecurring charges.

2.5.2 Billing and Collection of Charges

The Customer is responsible for payment of all charges incurred by the Customer or other Authorized Users for services and facilities furnished to the Customer by the Company.

- A. Nonrecurring charges are due and payable within thirty (30) days after the invoice date, unless otherwise agreed to in advance.
- B. The Company shall present invoices for recurring charges monthly to the Customer, in advance of the month in which service is provided, and Recurring Charges shall be due and payable within thirty (30) days after the invoice date. When billing is based on customer usage, charges will be billed monthly for the preceding billing periods.

SECTION 2 - REGULATIONS, (CONT'D.)**2.5 Payment Arrangements, (Cont'd.)****2.5.2 Billing and Collection of Charges, (Cont'd.)**

- C. When service does not begin on the first day of the month, or end on the last day of the month, the charge for the fraction of the month in which service was furnished will be calculated pro rata based on the actual number of days in the month.
- D. Billing of the Customer by the Company will begin on the Service Commencement Date, which is the first day following the date on which the Company notifies the Customer that the service or facility is available for use, except that the Service Commencement Date may be postponed by mutual agreement of the parties, or if the service or facility does not conform to standards set forth in this tariff or the Service Order. Billing accrues through and includes the day that the service, circuit, arrangement or component is discontinued.
- E. If any portion of the payment is not received by the Company, or if any portion of the payment is received by the Company in funds that are not immediately available, within twenty (20) days of the mail date on the bill, then a late payment penalty shall be due the Company. The late payment penalty shall be that portion of the payment not received by the date due minus any charges billed as local taxes multiplied by 1.5%.
- F. The Customer will be assessed a *maximum* charge of thirty-five (\$35.00) for each check or other payment type submitted by the Customer to the Company that a bank or financial institution refuses to honor. See Section 10, Page 9 for current charges.
- G. If service is disconnected by the Company in accordance with Section 2.5.6 following and later restored, restoration of service will be subject to all applicable installation charges.

SECTION 2 - REGULATIONS, (CONT'D.)**2.5 Payment Arrangements, (Cont'd.)****2.5.3 Disputed Bills**

- A. In the event that a billing dispute occurs concerning any charges billed to the Customer by the Company, the Company may require the Customer to pay the undisputed portion of the bill to avoid discontinuance of service for non-payment. The Customer must submit a documented claim for the disputed amount. The Customer will submit all documentation as may reasonably be required to support the claim. All claims must be submitted to the Company within 90 days of receipt of billing for those services. If the Customer does not submit a claim as stated above, the Customer waives all rights to filing a claim thereafter.
- B. Unless disputed the invoice shall be deemed to be correct and payable in full by the Customer. If the Customer is unable to resolve any dispute with the Company, then the Customer may file a complaint with the Arizona Corporation Commission, 1200 West Washington Street, Phoenix, Arizona 85007.
- C. If the dispute is resolved in favor of the Customer and the Customer has withheld the disputed amount, no interest, credits or penalties will apply.

2.5.4 Advance Payments

To safeguard its interests, the Company may require a Customer to make an advance payment before services and facilities are furnished. The advance payment will not exceed an amount equal to the nonrecurring charge(s) and one (1) month's charges for the service or facilities. The advance payment will be applied to the first full billing cycle statement and additional one (1) month advance payment will be required for each subsequent month. Advance payments do not accrue interest. An advance payment may be required in addition to a deposit.

SECTION 2 - REGULATIONS, (CONT'D.)**2.6 Allowances for Interruptions in Service, (Cont'd.)****2.6.1 General, (Cont'd.)**

- C. If the Customer reports a service, facility or circuit to be interrupted but declines to release it for testing and repair, or refuses access to its premises for test and repair by the Company, the service, facility or circuit is considered to be impaired but not interrupted. No credit allowances will be made for a service, facility or circuit considered by the Company to be impaired.
- D. The Customer shall be responsible for the payment of service charges as set forth herein for visits by the Company's agents or employees to the premises of the Customer when the service difficulty or trouble report results from the use of equipment or facilities provided by any party other than the Company, including but not limited to the Customer.

2.6.2 Limitations of Allowances

No credit allowance will be made for any interruption in service:

- A. Due to the negligence of or noncompliance with the provisions of this rate sheet by any person or entity other than the Company, including but not limited to the Customer;
- B. Due to the failure of power, equipment, systems, connections or services not provided by the Company;
- C. Due to circumstances or causes beyond the reasonable control of the Company;
- D. During any period in which the Company is not given full and free access to its facilities and equipment for the purposes of investigating and correcting interruptions;
- E. A service will not be deemed to be interrupted if a Customer continues to voluntarily make use of the such service. If the service is interrupted, the Customer can get a service credit, use another means of communications provided by the Company (pursuant to Section 2.6.3), or utilize another service provider;

SECTION 2 - REGULATIONS, (CONT'D.)**2.6 Allowances for Interruptions in Service, (Cont'd.)****2.6.2 Limitations of Allowances, (Cont'd.)**

- F. During any period when the Customer has released service to the Company for maintenance purposes or for implementation of a Customer order for a change in service arrangements;
- G. That occurs or continues due to the Customer's failure to authorize replacement of any element of special construction; and
- H. That was not reported to the Company within thirty (30) days of the date that service was affected.

2.6.3 Use of Another Means of Communications

If the Customer elects to use another means of communications during the period of interruption, the Customer must pay the charges for the alternative service used.

2.6.4 Application of Credits for Interruptions in Service

- A. Credits for interruptions in service that is provided and billed on a flat rate basis for a minimum period of at least one month, beginning on the date that billing becomes effective, shall in no event exceed an amount equivalent to the proportionate charge to the Customer for the period of service during which the event that gave rise to the claim for a credit occurred. A credit allowance is applied on a pro rata basis against the rates specified hereunder and is dependent upon the length of the interruption. Only those facilities on the interrupted portion of the circuit will receive a credit.
- B. For calculating credit allowances, every month is considered to have thirty (30) days.
- C. A credit allowance will be given for interruptions of thirty (30) minutes or more. Two or more interruptions of fifteen (15) minutes or more during any one 24-hour period shall be combined into one cumulative interruption.

SECTION 2 - REGULATIONS, (CONT'D.)**2.6 Allowances for Interruptions in Service, (Cont'd.)****2.6.5 Cancellation For Service Interruption**

Cancellation or termination for service interruption is permitted only if any circuit experiences a single continuous outage of 8 hours or more or cumulative service credits equaling 16 hours in a continuous 12-month period. The right to cancel service under this provision applies only to the single circuit that has been subject to the outage or cumulative service credits.

2.7 Use of Customer's Service by Others**2.7.1 Joint Use Arrangements**

Joint use arrangements will be permitted for all services provided under this tariff. From each joint use arrangement, one member will be designated as the Customer responsible for the manner in which the joint use of the service will be allocated. The Company will accept orders to start, rearrange, relocate, or discontinue service only from the designated Customer. Without affecting the Customer's ultimate responsibility for payment of all charges for the service, each joint user shall be responsible for the payment of the charges billed to it.

SECTION 2 - REGULATIONS, (CONT'D.)**2.8 Cancellation of Service/Termination Liability**

If a Customer cancels a Service Order or terminates services before the completion of the term for any reason whatsoever other than a service interruption (as defined in Section 2.6.1 above), the Customer agrees to pay to the Company termination liability charges, as defined below. These charges shall become due as of the effective date of the cancellation or termination and be payable within the period, set forth in Section 2.5.2.

2.8.1 Termination Liability

The Customer's termination liability for cancellation of service shall be equal to:

- A. all unpaid Non-Recurring charges reasonably expended by the Company to establish service to the Customer; plus
- B. any disconnection, early cancellation or termination charges reasonably incurred and paid to third parties by the Company on behalf of the Customer; plus
- C. all Recurring Charges specified in the applicable Service Order Tariff for the balance of the then current term discounted at the prime rate announced in the Wall Street Journal on the third business day following the date of cancellation;
- D. minus a reasonable allowance for costs avoided by the Company as a direct result of the Customer's cancellation.

2.9 Transfers and Assignments

Neither the Company nor the Customer may assign or transfer its rights or duties in connection with the services and facilities provided by the Company without the written consent of the other party, except that the Company may assign its rights and duties:

- 2.9.1 to any subsidiary, parent company or affiliate of the Company; or
- 2.9.2 pursuant to any sale or transfer of substantially all the assets of the Company; or
- 2.9.3 pursuant to any financing, merger or reorganization of the Company.

SECTION 2 - REGULATIONS, (CONT'D.)**2.10 Customer Liability for Unauthorized Use of the Network**

Unauthorized use of the network occurs when a person or entity that does not have actual, apparent, or implied authority to use the network, obtains the Company's services provided under this rate sheet.

2.10.1 Customer Liability for Fraud and Unauthorized Use of the Network

- A. The Customer is liable for the unauthorized use of the network obtained through the fraudulent use of a Company calling card, if such a card is offered by the Company; or an accepted credit card, provided that the unauthorized use occurs before the Company has been notified.
- B. A Company calling card is a telephone calling card issued by the Company at the Customer's request, which enables the Customer or user(s) authorized by the Customer to place calls over the Network and to have the charges for such calls billed to the Customer's account.

An accepted credit card is any credit card that a cardholder has requested or applied for and received, or has signed, used, or authorized another person to use to obtain credit. Any credit card issued as an renewal or substitute in accordance with this paragraph is an accepted credit card when received by the cardholder.

- C. The Customer must give the Company written or oral notice that an unauthorized use of a Company calling card or an accepted credit card has occurred or may occur as a result of loss, and/or theft.
- D. The Customer is responsible for payment of all charges for calling card services furnished to the Customer or to users authorized by the Customer to use service provided under this rate sheet, unless due to the negligence of the Company. This responsibility is not changed due to any use, misuse, or abuse of the Customer's service or Customer-provided equipment by third parties, the Customer's employees, or the public.

The liability of the Customer for unauthorized use of the Network by credit card fraud will not exceed the lesser of fifty dollars (\$50.00) or the amount of money, property, labor, or services obtained by the unauthorized user before notification to the Company.

SECTION 2 - REGULATIONS, (CONT'D.)**2.11 Notices and Communications**

- 2.11.1** The Customer shall designate on the Service Order an address to which the Company shall mail or deliver all notices and other communications, except that the Customer may also designate a separate address to which the Company's bills for service shall be mailed.
- 2.11.2** The Company shall designate on the Service Order an address to which the Customer shall mail or deliver all notices and other communications, except that Company may designate a separate address on each bill for service to which the Customer shall mail payment on that bill.
- 2.11.3** Except as otherwise stated in this tariff, all notices or other communications required to be given pursuant to this tariff will be in writing. Notices and other communications of either party, and all bills mailed by the Company, shall be presumed to have been delivered to the other party on the third business day following placement of the notice, communication or bill with the U.S. Mail or a private delivery service, prepaid and properly addressed, or when actually received or refused by the addressee, whichever occurs first.
- 2.11.4** The Company or the Customer shall advise the other party of any changes to the addresses designated for notices, other communications or billing, by following the procedures for giving notice set forth herein.

2.12 Taxes, Fees and Surcharges

The Company reserves the right to bill any and all applicable taxes, fees and surcharges in addition to normal rates and charges for services provided to the Customer. Taxes and fees include, but are not limited to: Federal Excise Tax, State Sales Tax, Municipal Tax, and Gross Receipts Tax. Unless otherwise specified in this tariff, such taxes, fees and surcharges are in addition to rates as quoted in this tariff and will be itemized separately on Customer invoices.

SECTION 2 - REGULATIONS, (CONT'D.)

2.12 Taxes, Fees and Surcharges, (Cont'd.)

2.12.1 Arizona Universal Service Fund (AUSF)

In addition to all other taxes and fees that are listed herein or passed through in the normal course of business (e.g. sales tax), the Company shall also add an amount to be collected to each bill for recovery of the Arizona Universal Service Fund (AUSF).

Towards the ultimate goal that basic service be available and affordable to all citizens of the state, the Arizona Corporation Commission has created support mechanisms to assist in the provision of such service in high-cost areas. Pursuant to Arizona Administrative Code, R14-2, Article 12, the Rule directs that the surcharge will be levied on all telecommunications service purchased by end-users.

The Arizona Universal Service Fund (AUSF) surcharge will be the amount set forth in the Arizona Administrative Code, R14-2, Article 12. The percentage and amounts set forth will be subject to periodic adjustment by the Company.

SECTION 5 - SUPPLEMENTAL SERVICES

5.1 Custom Calling/CLASS Service

5.1.1 General

The features in this section are made available on an individual basis or as part of multiple feature packages. All features are provided subject to availability; features may not be available with all classes of service. Transmission levels may not be sufficient in all cases.

5.1.2 Description of Features

(A) Abbreviated Access

Allows a customer to place a call to a predetermined telephone number by dialing an abbreviated code. Two arrangements are available, namely, Abbreviated Access, one-digit or Abbreviated Access, two-digit.

The customer shares a speed call list with their Abbreviated Access provider and the provider controls the speed call list and informs clients of the digit(s) to dial to reach the predetermined telephone number.

(B) Call Curfew

Allows the customer the ability to block incoming and outgoing calls. The feature can be turned on and off manually or automatically by pre-set schedules which have been defined by the customer.

When the feature is activated, incoming calls will be blocked and the calling party will hear an announcement that the customer is unavailable. For outgoing calls, the customer will hear a fast busy and the call will not be completed. When the feature is not activated, normal call processing will occur.

SECTION 5 - SUPPLEMENTAL SERVICES, (CONT'D.)**5.1 Custom Calling/CLASS Service, (Cont'd.)****5.1.2 Description of Features, (cont'd.)****(C) Call Forwarding - Busy Line**

Expanded Forwarding - Allows a customer to have incoming calls forwarded to another predetermined number in a different central office switch if the called number is busy.

External Forwarding - Allows a customer to have incoming calls forwarded to another predetermined number outside the customer's system but within the same central office switch if the called number is busy.

Overflow Forwarding - Allows a customer to have incoming calls forwarded to another predetermined number within the same central office switch if the called number is busy.

(D) Call Forwarding - Busy Line/Don't Answer

Expanded Forwarding - Allows a customer to have incoming calls forwarded to another predetermined number in a different central office switch if the called number is busy or if the customer does not answer after a preset number of ringing cycles.

External Forwarding - Allows a customer to have incoming calls forwarded to another predetermined number outside the customer's system but within the same central office switch if the called number is busy or to any number within the same central office switch if the called number does not answer (where available).

Overflow Forwarding - Allows a customer to have incoming calls forwarded to another predetermined number within the same central office switch if the called number is busy or does not answer.

(E) Call Forwarding - Busy Line (Programmable)

Allows a customer to have incoming calls forwarded to another number when the called number is busy. The customer can activate and deactivate the forwarding feature by dialing a code as well as establish or change the number to which calls will be forwarded.

SECTION 5 - SUPPLEMENTAL SERVICES, (CONT'D.)

5.1 Custom Calling/CLASS Service, (Cont'd.)

5.1.2 Description of Features, (cont'd.)

(F) Call Forwarding - Don't Answer

Allows a customer to have incoming calls forwarded to another number within the same central office switch if the customer does not answer after a preset number of ringing cycles.

Expanded Forwarding - Allows a customer to have incoming calls forwarded to another predetermined number in a different central office switch if the customer does not answer after a preset number of ringing cycles.

(G) Call Forwarding - Don't Answer (Programmable)

Allows a customer to have incoming calls forwarded to another number if the customer does not answer after a preset number of ringing cycles. The customer can activate and deactivate the forwarding feature by dialing a code as well as establish or change the number to which calls will be forwarded.

(H) Call Forwarding-Variable

Enables the customer to forward incoming calls to another number by dialing a code, plus the number to receive the call. Call Forwarding-Variable for PBX customers will only work on one trunk at a time. The feature will also remove that trunk from rotary hunting service during its use.

An option is also available that allows a customer to activate the feature without completing a call to the forward-to number.

(I) Call Rejection

Enables a customer to reject call attempts from up to 15 numbers of calling parties by dialing a code and the telephone numbers of calls to be rejected. Any call attempts to the customer from these numbers will be prevented from terminating to the customer and will instead be connected to an announcement informing the caller that the call is not presently being accepted by the called party. A customer may also reject future calls from the most recent call received by dialing a code after completing the call.

5.1 Custom Calling/CLASS Service, (Cont'd.)

5.1.2 Description of Features, (cont'd.)

(J) Call Trace

Allows a called party to initiate an automatic trace of the last call received. Call Trace is available on a usage basis only. After receiving the call which is to be traced, the customer dials a code and the traced telephone number is automatically sent to the Company for action. The customer originating the trace will not receive the traced telephone number. The results of the trace will be furnished only to legally constituted law enforcement agencies or authorities upon proper request by them.

(K) Call Transfer

Enables a customer to transfer an incoming call to a third party or add a third party to an existing call, forming a three party connection, and then to leave the connection without disconnecting the call.

SECTION 5 - SUPPLEMENTAL SERVICES, (CONT'D.)**5.1 Custom Calling/CLASS Service, (Cont'd.)****5.1.2 Description of Features, (cont'd.)****(L) Call Waiting**

When a customer is talking on the telephone, a short spurt of tone signals that a call is waiting. The tone is heard only by the Call Waiting customer, while the incoming caller hears a regular ringing signal. Flashing the switchhook holds the first call while the second is answered. The customer can alternate between calls by flashing the switchhook.

Where facilities and equipment permit, customers who have a line equipped with Call Waiting and Call Forwarding Don't Answer and/or Call Forwarding Busy Line, will be provided a feature so that Call Forwarding Don't Answer and/or Call Forwarding Busy Line forwards an incoming call to the number designated by the customer when the incoming call is not answered in response to the Call Waiting tone.

A customer with Caller Identification may also receive name and/or number information on a call that is waiting. The customer must have the appropriate CPE.

A customer who subscribes to Call Waiting may enhance their service to separately identify local and long distance calls. Different tones will distinguish the two types of calls, whether at the initial ring cycle or in the call waiting mode. There is no additional charge for this Long Distance Alert feature enhancement, nor will the Company charge to add this feature.

Allows for the automatic delivery of a calling party's name and telephone number (including nonpublished and nonlisted telephone numbers) to the called customer, which gives the called customer an opportunity to decide whether to answer the call immediately or not. The name and number are displayed on customer-provided equipment.

The name displayed shall be the name associated with the calling telephone number as shown on the Company's records. The Company, in its discretion, may abbreviate or limit that name for display purposes. The Company does not assure name accuracy.

Caller Identification customers who do not wish to receive blocked calls can activate Anonymous Call Rejection by pressing *77 (1177 on rotary phones). The code to deactivate is *87 (1187 on rotary phones). While the feature is activated, incoming blocked calls are routed to an announcement in the central office. Anonymous Call Rejection is automatically available to residence subscribers of Caller Identification and to business subscribers where technically feasible.

SECTION 5 - SUPPLEMENTAL SERVICES, (CONT'D.)**5.1 Custom Calling/CLASS Service, (Cont'd.)****5.1.2 Description of Features, (cont'd.)****(R) Last Call Return**

Allows a customer to dial a code that will cause the feature to automatically redial the number of the last incoming call to that line, whether the call was answered or not. The customer does not have to know the number of the calling party. If the calling party's number is blocked, by the calling party, the service will not return the call. If the called number is busy, the feature will redial the called number for a limited period of time. A tone alerts the customer when the called line is available. This service is available on a usage or subscription basis.

Last Call Return customers who do not wish to receive blocked calls can activate Anonymous Call Rejection by pressing *77 (1177 on rotary phones). The code to deactivate is *87 (1187 on rotary phones). While the feature is activated, incoming blocked calls are routed to an announcement in the central office. Anonymous Call Rejection is automatically available to residence customers of Last Call Return and to business customers where technically feasible; and to monthly (subscription) customers only.

Allows a customer to deter sales and telemarketing calls received by the customer. This is accomplished via a recorded message which informs the caller that the customer does not accept telephone solicitations, and asks solicitors to hang up and to place the called party on the solicitors "do-not-call" list. NO SOLICITATION automatically screens calls between the hours of 8:00 A.M. until 9:00 P.M. daily and it may be disabled by the customer at any time, if desired. A caller may press one, or stay on the line to complete the call connection. Subscribers to this feature have the option of establishing a "Privileged Caller List" (PCL) consisting of up to 25 numbers. A caller whose number appears on the PCL will bypass the recorded message.

Allows a customer to specify a special list of a maximum of 15 telephone numbers. Incoming calls placed to the customer from telephone numbers on that list will automatically be forwarded to a predefined telephone number. All other calls will be handled normally.

(V) Selective Call Waiting

Includes the Call Waiting or Call Waiting Identification functionality and, in addition, allows the customer to establish and modify a list of telephone numbers that trigger the Call Waiting tone when the customer's line is in use. Calls from telephone numbers not on the list, or calls from unidentified callers will either hear busy tone when the customer's line is busy or if the customer subscribes to Voice Mail service, the call will be routed to the customer's mailbox.

(W) Speed Calling

Enables the customer to call a preselected group of telephone numbers by dialing 1 or 2 digits rather than the actual number. Speed Calling is available with an 8 or 30 telephone number capacity. Speed Calling will be provided to PBX only on the basis that all trunks must be equipped with speed calling and have a common numbering plan.

5.3 Busy Verification And Interrupt Service

5.3.1 General

Upon request of a calling party, the Company will verify a busy condition on a called line. An operator will determine if the line is clear or in use and report to the calling party. In addition, the operator will intercept an existing call on the called line if the calling party indicates an emergency and requests interruption.

5.3.2 Rate Application

(A) A Verification Charge will apply when:

- (1) The operator verifies that the line is busy with a call in progress, or
- (2) The operator verifies that the line is available for incoming calls.

(B) Both a Verification Charge and an Interrupt Charge will apply when the operator verifies that a called number is busy with a call in progress and the customer requests interruption. The operator will interrupt the call advising the called party of the name of the calling party and the called party will determine whether to accept the interrupt call. Charges will apply whether or not the called party accepts the interruption.

(C) No charge will apply when the calling party advises that the call is from an official public emergency agency.

SECTION 5 - SUPPLEMENTAL SERVICES, (CONT'D.)**5.6 Blocking Service****5.6.1 General**

Blocking service is a feature that permits customers to restrict access from their telephone line to various discretionary services. Not all blocking options are available for all line/trunk types. The following blocking options are available, where facilities permit, to residential and business customers:

(A) 500, 900 Blocking - allows the subscriber to block all calls beginning with the 500 and 900 prefixes (i.e. 900-XXX-XXXX) from being placed.

(B) Toll Restriction - provides the subscriber with local dialing capabilities but blocks any customer-dialed call that has a long distance charge associated with it.

Toll Restriction will not block the following types of calls: 911 (Emergency), 1 + 800 (Toll Free), and operator assisted toll calls.

(C) Operator Screening - alerts the operator that operator handled calls may not be billed to the originating line.

5.7 Directory Listings

The Company shall arrange, at no charge, for the listing of the Customer's main billing telephone number in the directory(ies) published by the dominant Local Exchange Carrier in the area at no additional charge. At a Customer's option, the Company will arrange for additional listings at an additional charge. Specialized listing options are also available.

Listings are intended solely for the purpose of identifying subscribers telephone numbers, and as an aid to the use of telephone service. The listings of subscribers are arranged alphabetically and are not intended for special prominence of arrangement.

Listings must conform to the Company's specifications with respect to the directories. The Company reserves the right to reject listings when, in its sole judgement, such listings would violate the integrity of Company records and the directories, confuse individuals using the directory, or are otherwise deemed inappropriate or problematic.

Liability of the Company due to directory errors and omissions is as specified in Section 2 of this tariff.

SECTION 7 - BUSINESS NETWORK SWITCHED SERVICES, (CONT'D.)**7.2 Service Descriptions And Rates, (Cont'd.)****7.2.4 ISDN PRI**

ISDN-PRI - Integrated Services Digital Network Primary Rate Interface (ISDN PRI) is a digital business service that provides PBX equipment and host computer access to a wide variety of switched services. These switched services include circuit switched voice (local calling, long distance, 8YY and circuit switched data). Each ISDN PRI will allow connection of the aforementioned services via a single central office connection. This service allows PBX equipment and host computer type devices to connect to central office services in bulk quantity, rather than on a line-by-line or service-by-service basis.

Each ISDN PRI connection provides access from a Customer premises to the Company's circuit switched voice and circuit switched data via a 1.544 Mbps central office port termination and a 1.544 Mbps Digital Local Loop to the Customers premises. The Digital Local Loop is a DS1 with Clear Channel Capability. The rates and charges for the Loop are in addition to those for the ISDN PRI Port Connection. The central office port connection is provided in base capacities of twenty-three 64 Kbps "B" channels and one 64 Kbps "D" channel (23B+D). The "D" channel is used for out-of-band signaling and control of the "B" channels. Where technology permits, "D" channels can be shared by multiple ISDN PRI's for the same Customer. "B" channels can be dedicated to each circuit switched voice and circuit switched data service by type or they can be shared among service types by using the call by call feature.

Where appropriate facilities do not exist, Special Construction charges will apply, as describe herein.

"B" Channel - "B" Channel (Bearer Channel) is a 64 Kbps digital channel capable of transporting circuit switched voice and circuit switched data.

"D" Channel - "D" Channel (Delta Channel) is a 64 Kbps digital channel used to transport signaling and control the B channels.

Out of Band Signaling - Out of Band Signaling is signaling that is separated from the channel carrying the circuit switched voice and data services.

SECTION 7 - BUSINESS NETWORK SWITCHED SERVICES, (CONT'D.)**7.2 Service Descriptions And Rates, (Cont'd.)****7.2.4 ISDN PRI, (Cont'd.)**

Call by Call for Trunk Groups - Allows the circuit switched voice and data services enabled on the ISDN PRI to share "B" channels and arrange them as a single trunk group. This allows incoming and outgoing circuit switched voice and data calls to utilize "B" channels on a call by call basis. Without this capability, each service will have a dedicated "B" channel.

Calling Number Identification - All calling numbers presented to the services working on ISDN PRI can be delivered to the Customer's CPE, including calls made to Direct Inward Dialing Service telephone numbers. This feature is optioned on a per ISDN PRI Port basis only and is offered in appropriately equipped central offices.

Clear Channel Capability - The "B" channels on the ISDN PRI are clear, since all signaling and control functions are handled by the "D" channel. This allows all 64 kbps on each "B" channel to be used for Customer information over the ISDN PRI connection. Calls over the network may either be 56 kbps or 64 kbps depending on the public network in place between the ISDN PRI and the distant end of the call.

Digital Voice Transmission - All voice calls are transmitted using digital signaling.

Channel Configuration - Allows some or all B Channels to be dedicated to exchange and long distance, DID, or 8YY Services. Multiple dedicated trunk groups can be established on the same primary port or group of primary ports.

Direct Inward Dialing Signal - Permits incoming dialed calls from the exchange network to reach a specific number serviced by Customer-premises equipment (CPE) without the assistance of an attendant. It also provides for the unique identification of the call based on digits sent to the CPE by the central office. The central office will output digits to the CPE which can further process the calls as desired.

Calling Number Identification Blocking - All Calls - All outgoing calls will be blocked for PRS customers where technically feasible as determined by the Company.

SECTION 7 - BUSINESS NETWORK SWITCHED SERVICES, (CONT'D.)**7.2 Service Descriptions And Rates, (Cont'd.)****7.2.5 Integrated T-1**

Integrated T-1 provides a channelized high capacity (1.544 Mbps) facility between a customer premises and its serving office for connection to services provided by the Company. Integrated T-1 allows a customer to integrate voice and data services on a single high capacity facility. The service characteristics and capabilities of the voice services described in this Section are as described in this tariff for multi line business service.

The customer selects a package of voice lines for local exchange access. The balance of the facility's capacity is available for data applications (up to 768 Kbps).

All pricing for integrated T1 services is on an individual case basis (ICB).

SECTION 8 - LONG DISTANCE SERVICES**8.1 General**

The company's long distance offering is available to all customers who subscribe to various qualifying local service arrangements. The company's long distance offering is only available on an interstate basis when the customer has subscribed to the intrastate offering. Company long distance services are available to all business customers. Customer billed for LD up to \$20.00 maximum at normal per minute rates. LD is free after the \$20.00 limit is hit up to a maximum of 800 minutes per line.

The company may monitor the customer's usage, if usage exceeds 8,000 minutes per location, to ensure that the customer's use of the company's long distance offering is consistent with the applicable restrictions and limitations. If the Company has any reason to believe that the customer's usage is not consistent with the applicable restrictions, the company may terminate the long distance offering upon notifying the customer, and convert the customer to another usage sensitive plan of the customer's choice.

The company's long distance offering does not permit the customer to make calls via broadcast fax, chat lines, conference call platforms, or non-voice service applications (including but not limited to, modem data transfer or ISP connections), or to any applications where the services are re-sold to customers (i.e. hospitality industry). In addition, certain types of applications are not permitted by the plan, including auto dialers, predictive dialers, or use to solicit sales, membership and any other usage associated with telemarketing or call centers

In addition to the long distance services identified in this section, long distance services may be bundled with other services found elsewhere in this tariff.

8.2 Timing of Calls

8.2.1 Long distance usage charges are based on the actual usage of the Company's network. Chargeable time begins when a connection is established between the calling station and the called station. Chargeable time ends when either party "hangs up" thereby releasing the network connection.

8.2.2 Minimum call duration and rounding of calls for measurement and billing purposes is specified for each product in this tariff.

8.3 Calculation of Distance

None of the company's offerings are presently distance-sensitive.

8.4 Time-of-Day Rate Periods

None of the company's offerings are presently time-of-day sensitive.
