ORIGINAL**TARIFF FORMAT SHEET**

- A. Page numbering - Page numbers appear in the upper right hand corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the tariff. When a new page is added between pages already in effect, a decimal is added. For example, new pages added between pages 14 and 15 would be 14.1.
- B. Page revision numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Commission. For example, the 4th revised Page 14 cancels the 3rd revised Page 14. Because of various suspension periods, deferrals, etc., the Commission allows in their tariff approval process, the most current page number on file with the Commission is not always the tariff page in effect. Consult the Check Sheet for the page currently in effect.
- C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2
 - 2.1
 - 2.1.1.
 - 2.1.1.A.
 - 2.1.1.A.1
 - 2.1.1.A.1.(a).
 - 2.1.1.A.1.(a).I.
 - 2.1.1.A.1.(a).I.(i).
 - 2.1.1.A.1.(a).I.(i).(1)
- D. Check Sheets: When a tariff filing is made with the Commission, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists contained in the tariff, with a cross reference to the current revision number. When new pages are added the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this page if these are the only changes made to it (i.e. the format, etc. remains the same, just revised revision levels on some pages). The tariff user should refer to the latest Check Sheet to find out if a particular page is the most current on file with the Commission.

Notwithstanding the foregoing, in no event shall a failure to pay sums required pursuant to this Tariff or any service order(s) be deemed, or postponed by, a force majeure event.

2.4.2 If a failure of performance arising out of a force majeure event shall be solely on the part of Customer and shall be for thirty (30) days or less, then the affected service shall remain in effect and Customer shall remain liable for all charges therefore. - 2.4.4 If a failure to perform arising out of a force majeure event shall be on the part of both Customer and Company shall be for thirty (30) days or less, then the affected service shall remain in effect with no liability on the part of Company, and Customer shall have no liability for recurring charges as to the period of Company's nonperformance as to the affected service. If such failure of performance by both parties shall be in excess of thirty (30) days, then the affected service may be canceled by either party without further liability of the parties thereunder any time within twenty (20) days after the end of such force majeure event(s), provided that until the sooner of such time of cancellation or resumption of Company's performance after any force majeure event, Customer shall have no liability for recurring charges as to said period of Carrier's nonperformance as to the affected service.

- 2.5.5 The Customer shall ensure that its equipment and/or system is properly interfaced with Company facilities or services, that the signals emitted into Company's network are of the proper mode, bandwidth, power, and signal level for the intended use of the Customer and in compliance with the criteria set forth in this Tariff and that the signals do not damage equipment, injure personnel, or degrade service to other Customers. If the Federal Communications Commission or some other appropriate certifying body certifies terminal equipment as being technically acceptable for direct electrical connection with interstate communications service, Company will permit such equipment to be connected with its channels without use of protective interface devices. If the Customer fails to maintain the equipment and/or the system properly, with resulting imminent harm to Company equipment, personnel, or the quality of service to other Customers, Company may, upon written notice, require the use of protective equipment at the Customer's expense. If this fails to produce satisfactory quality and safety, Company may terminate the Customer's service.
- 2.5.6 The Customer is responsible for payment of the charges set forth in this Tariff.
- 2.5.7 The Customer is responsible for compliance with the applicable regulations set forth in this Tariff.

2.6 Cancellation or Interruption of Services

2.6.1 Without incurring liability, Company may discontinue services to a Customer or may withhold the provision of ordered or contracted services, subject to the procedures set forth in 2.6.2:

- 2.6.1.1 For nonpayment of any sum due Company for more than thirty (30) days after issuance of the bill for the amount due;
- 2.6.1.2 For violation of any of the provisions of this Tariff;
- 2.6.1.3 For violation of any law, rule, regulation or policy of any governing authority having jurisdiction over Company's services;
- 2.6.1.4 By reason of any order or decision of a court, public service commission or federal regulatory body or other governing authority prohibiting Company from furnishing its services;
- 2.6.1.5 If Company is reasonably unable to furnish all of the service requested by Customer for any cause other than Company's negligence or willful misconduct; or
- 2.6.1.6 If any material rate or term contained in this Tariff is substantially changed adversely to Company by order of the Commission and such order is sustained by the highest court of competent jurisdiction to which the matter is appealed.

2.6.2 Procedures for discontinuance of existing service:

- 2.6.2.1 Company may discontinue service without notice for any of the following reasons:

APPROVED FOR FILING
DECISION #: 74454

ORIGINAL**SECTION 2 - RULES AND REGULATIONS continued**

- 2.6.2.1.1 If a Customer or User causes or permits any signals or voltages to be transmitted over Company's network in such a manner as to cause a hazard or to interfere with Company's service to others.
- 2.6.2.1.2 If a customer or User uses Company's services in a fraudulent manner.
- 2.6.2.2 In all other circumstances, Company will provide the Customer with written notice via first class U.S. mail stating the reason for discontinuance, and will allow the Customer not less than fifteen (15) days to remove the cause for discontinuance. In cases of non-payment of charges due, the Customer will be allowed at least ten (10) days written notice via first class mail that disconnection will take place, excluding Sundays and holidays, and the Customer will be given the opportunity to make full payment of all undisputed charges, and in no event will service be discontinued on the day preceding any day on which Company is not prepared to accept payment of the amount due and to reconnect service.
- 2.6.2.3 Without incurring liability, Company may interrupt the provision of services at any time in order to perform tests and inspections to assure compliance with tariff regulations and the proper installation and operation of Customer and Company's equipment and facilities and may continue such interruption until any items of non-compliance or improper equipment operation so identified are rectified.
- 2.6.2.4 Service may be discontinued by Company, without notice to the Customer, by blocking traffic to certain countries, cities, or NXX exchanges when Company deems it necessary to take such action to prevent unlawful use of its service. Company will restore service as soon as it can be provided without undue risk.

2.7 Credit Allowance for Certain Interruption of Services

- 2.7.1 Interruption means an interruption or degradation of the service provided by Company that violates Company's technical standards for such service as set forth in Customer's Service Agreement including, a failure of any line subscribed to by the Customer hereunder and/or, if applicable, Company-provided equipment or software attached thereto. Interruption shall not include the failure of any service or facilities provided by a

SECTION 2 - RULES AND REGULATIONS 2.7.1 continued

Common Carrier or other entity other than the Company. Any Interruption allowance provided within this Tariff by Company shall not apply where service is interrupted by the negligence or willful act of the Customer, or where the Company, pursuant to the terms of this Tariff, terminates service because of non-payment of bills, unlawful or improper use of the Company's facilities or service, or any other reason covered by this Tariff or by applicable law.

- 2.7.2 Customer shall be entitled to a credit for any Interruption of Service exceeding thirty (30) minutes in duration, computed at a rate of 1/1460 of the monthly recurring charge applicable to the service subject to said Interruption for each half hour or majority fraction thereof that such Interruption continues, measured as provided below, after the maintenance time permitted Company pursuant to Section 2.7.5 below; provided that if more than one Interruption occurs within a twenty-four (24) hour period, the length of all such Interruptions shall be aggregated and treated as a single Interruption for purposes of determining the availability and amount of a credit. Interruptions shall be measured from the time that Company receives notice of such Interruption to the time of material restoration of the applicable portion of the service, less any maintenance time permitted Company pursuant to Section 2.7.5 below, and less any time period during which Customer fails to accord access to Company to any necessary facilities provided by Customer for the purpose of investigating and curing such Interruption. Customer may notify Company of an Interruption by telephone, facsimile, electronic mail, courier or any such similar expedited communication methodology. Credit in any billing period shall not exceed the total non-usage charges for that period for the services and facilities furnished by the Company rendered useless or substantially impaired. No allowance shall apply to any non-recurring or usage charges.
- 2.7.3 In the event of an Interruption on more than five (5) days during any thirty (30) day period (and so long as such Interruption does not arise out of the events, acts or omissions described in Section 2.7.4 below), Customer as its sole remedy shall, at its option, have the right to either (1) terminate the affected service without further liability of the parties; or (2) receive a credit in an amount equal to one (1) month's recurring charge for the affected service.
- 2.7.4 In the event of required maintenance or Interruption arising out of (1) any problem with any service provided by a party other than Company, or (2) the acts or omissions of Customer or Customer's agents, servants,

DECISION #: 74454

SECTION 2 - RULES AND REGULATIONS (2.7.4 continued)

employees, officers, directors, contractors, subcontractors, invitees or representatives, including, without limitation, Customer's equipment malfunction or improper use, Customer shall not be entitled to any credit. Company shall have no liability to Customer for such maintenance or Interruption. Customer shall continue to be liable for all payments for which Customer is obligated to pay under this Tariff and any and all Service Order(s) as if such Interruption had not occurred. Customer shall pay, promptly on Company's demand, Company's standard maintenance service call fee plus Company's maintenance, repair, and replacement costs arising out of the events, acts, and omissions described in subparagraph (2) of this section. Company's standard maintenance service call fee is \$150.00 per hour, 7:00 a.m. to 5:00 p.m. Monday through Friday, and \$250.00 at all other times and on Holidays, with a two hour minimum billing requirement.

- 2.7.5 Maintenance of Company's system may, from time to time, result in Interruption of Service, provided that, to the extent reasonably possible, maintenance shall be performed during non-peak hours (namely, the hours between midnight to 6:00 a.m. Eastern Standard Time). Company shall provide Customer two (2) business days notice (except in the event of an emergency no notice shall be required) prior to its undertaking any maintenance which may be reasonably expected to result in Interruption of Service; such notice shall be provided via telephone, facsimile, electronic mail, courier or any such similar expedited communications methodology, without the need for a written duplicative notice being delivered. Maintenance required by Company which results in Interruption of Service shall not entitle Customer to a credit if such maintenance is completed as soon as reasonably practicable and does not exceed six (6) hours (said six-hour period to be measured from the time of Company's receipt of notice as to the need for required maintenance, except as to routine maintenance which shall be measured from the beginning of the subject Interruption); in the event such maintenance exceeds four (4) hours, Customer's sole remedy shall be credit as provided above.

2.8 Payment and Rendering of Bills

- 2.8.1 Customers will be billed directly by Company.

SECTION 2 - RULES AND REGULATIONS continued

2.8.2 Company will render invoices monthly. Payment is due within thirty (30) days after Customer's receipt of its invoice.

2.8.3 If any portion of the payment is not received by the Company, or if any portion of the payment is received by the Company in funds that are not immediately available, by the subject invoice due date, which shall not be sooner than 20 days from the mail date on the bill, then a late payment penalty shall be due the company. The late payment penalty shall be that portion of the payment not received by the date due minus any charges billed as local taxes multiplied by 1.5 percent. Company may invoice Customer for the late payment charge on the next regular monthly invoice.

2.8.4 For Returned Checks: The Customer will be assessed a returned check charge of \$20.00 for each check submitted by the Customer to the Company that a financial institution refuses to honor. This charge is inclusive of the bank fee plus a reasonable Company administrative fee.

2.9 Validation of Credit

Company reserves the right to validate the credit worthiness of Customers.

2.10 Disputed Bills

All bills are presumed accurate, and will be binding on the Customer unless objection is received by Company within ninety (90) days after such bills are rendered. Customer nevertheless shall pay to Company no later than the subject invoice due date the undisputed amount, if any, due and owing to Company and provide to Company no later than the subject invoice due date, in writing, the grounds upon which Customer is contesting the disputed amount. In the event that the parties are unable to amicably resolve the issues raised by Customer concerning the Disputed Amount within ninety (90) days of the billing date:

APPROVED FOR FILING
DECISION #: 74454

SECTION 2 - RULES AND REGULATIONS (continued)

2.10.1 Customer or Company may file an appropriate complaint with the Commission staff. The current address for filing complaints is:

Arizona Corporation Commission
Utilities Division
1200 West Washington Street
Phoenix, Arizona 85007-2927
Telephone: (602) 542-4251

If the dispute is resolved in favor of the Customer and the Customer has withheld the disputed amount, no interest or penalties will apply.

Any billing dispute between the Company and a Customer that is being investigated by the Company or the Commission shall be considered a bona fide dispute until the Company or the Commission, whichever is the investigating entity, completes its investigation and advises the Customer of its determination. The Customer's service or services, which are subject to the dispute, shall not be disconnected pending resolution of a bona fide dispute.

2.11 Deposits

Company does not require a deposit from the Customer.

2.12 Advance Payments

For Customers from whom Company feels an advance payment is necessary, Company reserves the right to collect an amount not to exceed one (1) month's estimated charges as an advance payment for service. This will be applied against the next month's charges and if necessary a new advance payment will be collected for the next month.

2.13 Taxes

All federal excise taxes and state and local sales taxes, are billed as separate items and are not included in the quoted rates. Customer shall pay to Company gross receipts, right-of-way, franchise, sales and use taxes and other similar charges that are levied upon or assessed against Company or Company's

2.14 Shortage of Equipment or Facilities

2.14.1 The Company reserves the right to limit or to allocate the use of existing facilities, or of additional facilities offered by the Company, when necessary because of lack of facilities, or due to some other cause beyond the Company's control.

2.14.2 The furnishing of service under this Tariff is subject to the availability on a continuing basis of all the necessary facilities and is limited to the capacity of the Company's facilities as well as facilities the Company may obtain from other Common Carriers to furnish service from time to time as required at the sole discretion of the Company.

2.15 Special Construction

2.15.1 When it is necessary for the Company to provide outside plant construction, either on a public road or on private property, which is other than that usually provided for the area and class of service furnished, the customer or other party requiring such special construction is required to pay the difference between the estimated cost of usual construction and the estimated cost of the type of construction provided under the conditions specified herein. These costs are calculated as the cost to the Company plus an administrative charge, minus any credit for salvage or reuse. Such special construction includes, but is not limited to:

- (1) underground construction where aerial construction would usually be provided,
- (2) submarine cable,
- (3) greater quantity or a different type of facilities than that which the Company would otherwise construct in order to fulfill the customer's initial requirements for service,
