DECISION 62596

<sup>1</sup> Low-income customers who qualify under Arizona Low Income Telephone Assistance Program ("ALITAP") will receive the federal baseline support amount of \$3.50 plus the additional \$1.75 in federal Lifeline support. ALITAP customers are also eligible to receive matching federal Lifeline support in an amount equal to one-half of the amount of the state support. For example, if the 17% discount in local service charges contributed by the state equaled \$2.00, the matching federal Lifeline support amount would equal \$1.00. Under this example, a total of \$6.25 in federal Lifeline support would be available to ALITAP customers. State support under A.R.S. § 46.703 would be in addition to this amount.

In those instances where the customer requested type of construction differs from that normally provided by the Company, the customer will bear any additional cost or savings associated with the construction. Company concurrence with the customer request will only be provided in accordance with standard utility construction specifications.
3. When the application of this schedule appears impracticable or unjust, the Company or the customer may refer the matter to the Arizona Corporation Commission for a special ruling on or for approval of mutually agreed upon special conditions prior to commencing construction.

**3. COLLECTIVE APPLICATIONS AND GROUPING OF APPLICANTS**

When construction is required to serve a new applicant, a survey shall be made of all prospects who might be served from the new construction or an extension thereof and who might benefit by being included in the project. Allowances are made only for those prospective customers signing contracts for service at the time the project is initiated.

All applicants are grouped in a single project when there is not more than one-half mile of construction between successive applicants. Separate projects are established whenever the construction between any two successive applicants exceeds one-half mile.

An applicant at any premises receives only one single plant facility extension allowance regardless of the number of services ordered at that premises.
