SECTION 1. APPLICATION OF TARIFF

This tariff is provided for informational purposes only and contains the regulations, rates, and charges applicable to the Company's Lifeline Service provided under the trade name SafeLink Wireless® in the areas of Arizona for which the Company is designated as an Eligible Telecommunications Carrier.

---

SECTION 2. TECHNICAL TERMS, ABBREVIATIONS, AND DEFINITIONS

Certain terms used generally throughout this price sheet are defined below.

2.1. Company or Carrier

TracFone Wireless, Inc. ("TracFone"), doing business under the trade name SafeLink Wireless® ("SafeLink").

2.2. Customer

The person who applies for and receives Lifeline service from TracFone.

2.3. SafeLink Lifeline Program

SafeLink program through which Lifeline-eligible customers enroll in the federal Lifeline program funded by the Universal Service Fund and receive SafeLink Lifeline service.

2.4. Service

SafeLink Lifeline service provided through the SafeLink Lifeline program.

2.5. Underlying Carrier

A facilities-based provider of telecommunication services from whom the Company acquires services which it resells to its customers.

SECTION 3. RULES AND REGULATIONS

3.1. Lifeline Service.

3.1.1. Federal Lifeline Program

The Federal Lifeline Program is designed to ensure that quality telecommunications services are available to low-income customers at just, reasonable, and affordable rates. Lifeline discounts are available to one customer per household at the customer's principal place of residence. The terms and conditions governing TracFone's Lifeline service comply with the Federal Communications Commission's orders, rules, regulations, and policies.

3.1.2. Lifeline Service

TracFone's Lifeline service provides the following functions:

1. Access to the public switched telephone network
2. Local usage
3. Access to 911 and E911 emergency service
4. Text messaging
5. Voicemail
6. Call waiting
7. Caller ID

3.1.3. Lifeline Benefit

Current Lifeline Customers: Lifeline customers who became customers on or before December 1, 2016 have the option of choosing between the following two plans: (1) a free monthly allotment of 750 airtime minutes and unlimited text messaging or (2) a free monthly allotment of 350 airtime minutes, unlimited text messaging and 1 GB of broadband data.

New Lifeline Customers: Lifeline customers who became customers on or after December 2, 2016 will receive a free monthly allotment of 350 airtime minutes, unlimited text messaging and 1 GB of broadband data.

3.2. Eligibility

- 3.2.1. A single Lifeline benefit is available for each household and only the head of household may apply for Lifeline service. An individual's eligibility may be program-based by participating in a qualified program or income-based by meeting an income level.
- 3.2.2. Program-based eligibility: An individual qualifies for Lifeline service if the individual currently participates in one of the following programs:
1. Federal Public Housing Assistance (Section 8)
  2. Supplemental Nutrition Assistance Program (SNAP)
  3. Medicaid
  4. Supplemental Security Income (SSI)
  5. Veterans and Survivors Pension Benefit
- 3.2.3. Income-based eligibility: An individual qualifies for Lifeline service if the individual has total household income at or below 135% of the Federal Poverty Guidelines.

3.3. Application

- 3.3.1. Any individual applying for Lifeline service must complete an application form. Application forms are available online at [www.safelinkwireless.com](http://www.safelinkwireless.com) or can be requested by calling 1-800-SAFELINK.
- 3.3.2. An individual who applies for Lifeline service based on participation in a qualified program may be asked to provide documentation of program-based eligibility. Acceptable documentation of program eligibility includes the current or prior year's statement of benefits from a qualifying assistance program, program participation documents, or other official document demonstrating that the prospective subscriber, one or more of the prospective subscriber's dependents or the prospective subscriber's household receives benefits from a qualifying assistance program.
- 3.3.3. An individual who applies for Lifeline service based on having a total household income at or below 135% the Federal Poverty Guidelines must provide documentation of income eligibility. Acceptable documentation of income eligibility includes the prior year's state or federal tax return, current income statement from an employer or paycheck stub, a Social Security statement of benefits, a Veterans Administration statement of benefits, a retirement/pension statement of benefits, an Unemployment/Workmen's Compensation statement of

benefits, divorce decree, child support award, or other official document containing income information.

- 3.3.4. TracFone will determine at its sole discretion whether or not an applicant meets the eligibility requirements to participate in Lifeline service. Persons who do not meet the eligibility requirements will be notified by U.S. Mail and the reason for the non-eligibility will be provided.

3.4. Unauthorized Usage; Tampering

- 3.4.1. SafeLink phones are sold exclusively for use by you, the end customer. The unauthorized unlocking or resale of your SafeLink phone constitutes a violation of the customer's agreement with TracFone and will invalidate the limited warranty associated with your phone. Customers agree not to unlock, reflash, tamper with or alter a SafeLink phone in a manner which conflicts with SafeLink's Unlocking Policy stated in SafeLink's Terms and Conditions of Service set forth at [www.safelinkwireless.com](http://www.safelinkwireless.com). Customer also agrees not to enter unauthorized Service Plan PINs or engage in any other unauthorized or illegal use of the SafeLink phone or the Service, or assist others in such acts, or to sell and/or export SafeLink phones outside of the United States. Improper, illegal or unauthorized use of a SafeLink phone may result in immediate termination of Service without notice and legal action. SafeLink will strictly enforce its rights under this provision and will prosecute violators to the full extent of the law.

- 3.4.2. If your SafeLink phone has a SIM card, then customer agrees to safeguard the SIM card and not to allow any unauthorized person to use the SIM card. Customer agrees not to, and not to allow any other person to, directly or indirectly alter, bypass, copy, deactivate, remove, reverse-engineer or otherwise circumvent or reproduce the encoded information stored on, or the encryption mechanisms of, the SIM card. Any violation of these restrictions on the use of the SIM card may result in the immediate termination of the customer's Service without notice. The Underlying Carriers, TracFone, or its service providers, may, from time to time, remotely update or change the encoded information on the SIM card. In the event of termination for any other unauthorized usage, customer will forfeit unused airtime and service and will not be entitled to receive a refund for the SafeLink phone or for any unused airtime and service.

3.5. Coverage Maps

Coverage maps may be found on the Company's website, [www.tracfone.com](http://www.tracfone.com). These maps are for general informational purposes only. TracFone does not guarantee coverage or service availability. Even within a coverage area, factors such as terrain, weather, structures, foliage, signal strength, traffic volumes, service outages, network changes, technical limitations, and equipment may interfere with actual service, quality and availability. Thus, it is possible a phone will roam even in the area depicted as the customer's home calling area. Actual coverage and service areas may vary from the

maps and may change without notice. A list of zip codes in which TracFone's SafeLink Lifeline service is available is attached as Exhibit 1.

3.6. Roaming

"Roaming" occurs when a subscriber of one wireless service provider uses the facilities of another wireless service provider. Roaming most often occurs when a customer makes and receives calls outside the home calling area. When your SafeLink phone is roaming, an indicator light on your handset may display the word "Roam" or "RM" on the screen while the phone is not in use. There are no additional charges for roaming calls for the SafeLink phone provided. Availability, quality of coverage and Services while roaming are not guaranteed.

3.7. Limitations of Service and Use of Equipment

Service is subject to transmission limitations caused by certain equipment and compatibility issues, atmospheric, topographical and other conditions. Further, Service may be temporarily refused, limited, interrupted or curtailed due to system capacity limitations, technology migration or limitations imposed by the Underlying Carrier, or because of equipment modifications, upgrades, repairs or relocations or other similar activities necessary or proper for the operation or improvement of the Underlying Carrier's radio telephone system. At any time, TracFone reserves the right to substitute and/or replace any SafeLink equipment (including handsets) with other SafeLink equipment including handsets of comparable quality. Some functions and features referenced in the manufacturer's manual for a particular SafeLink handset may not be available on all phones. TracFone does not warrant or guarantee availability of network or of any Services at any specific time or geographic location or that the Services will be provided without interruption. Neither TracFone nor any Underlying Carrier shall have any liability for Service failures, outages or limitations of Service. Because of the risk of being struck by lightning, customers should not use SafeLink phones outside during a lightning storm. Customers should also unplug the SafeLink phone power cord and charger to avoid electrical shock and/or fire during a lightning storm.

3.8. Lost or Stolen Phone Policy

All reported lost and stolen phones will be permanently deactivated. Any airtime that a customer may have had on a lost or stolen phone will be lost. If a customer wishes to continue receiving SafeLink service, the customer may either buy a replacement phone from TracFone or provide his or her own unlocked phone, and purchase a replacement SIM card.

3.9. Limited Warranty and Disclaimer of Warranties

The terms of TracFone's one year limited warranty for SafeLink phones and TracFone's disclaimer of warranties are stated in SafeLink's Terms and Conditions of Service set forth at [www.safelinkwireless.com](http://www.safelinkwireless.com).

3.10. Hearing, Visual, or Speech Impaired Accommodations

Any hearing, visual or speech impaired persons interested in applying for a specially equipped SafeLink handset must call SafeLink at 1-877-799-9989 and specify the need(s) to an agent and TracFone will make every effort to assist such customer in obtaining a handset that is in compliance with all applicable laws, rules, and regulations.

TTY Limitations for 911 Calls: Due to technical limitations, Wi-Fi Calling cannot be used with TTY devices and will not support 911 calls over TTY devices. Persons with communications disabilities can still reach 911 services by either (1) calling 911 directly using a TTY over the cellular network or from a landline telephone, or (2) sending a text message to 911 directly (in areas where text-to-911 is available) from a wireless device, or (3) using relay services to place a TTY or captioned telephone service (CTS) call from a wireless phone over the cellular network or from a landline telephone, or (4) using relay services to place a IP Relay or IP CTS call over a cellular data or other IP network.

3.11. Emergency Calls

SafeLink customers have access to 911. Occasionally, however, callers may attempt to call 911 in areas where there is no wireless coverage. If there is no wireless coverage, a call to 911 may not go through and the customer should dial 911 from the nearest landline phone.

3.12. Limitation of Liability

TracFone will not be liable to customers for any indirect, special, incidental, consequential, exemplary or punitive damages of any kind, including lost profits (regardless of whether it has been notified such loss may occur) by reason of any act or omission in its provision of equipment and Services. TracFone will not be liable for any act or omission of any other company furnishing a part of our Services or any equipment or for any damages that result from any Service or equipment provided by or manufactured by third parties. When a SafeLink phone is returned to SafeLink for any reason, TracFone is not responsible and shall not be liable to customers or anyone else for any personal information such as user names, passwords, contacts, pictures, SMS, MMS and/or additional downloads customers may have stored on the phone or which may remain on the phone.

3.13. Indemnification

Customers must agree to indemnify and hold harmless TracFone from any and all liabilities, penalties, claims, causes of action, and demands brought by third parties (including the costs, expenses, and attorneys' fees on account thereof) resulting from customers' use of a SafeLink phone and/or use of the SafeLink Services, whether based in contract or tort (including strict liability) and regardless of the form of action.

3.14. Dispute Resolution and Binding Arbitration

Most Customer concerns can be resolved quickly and to the Customer's satisfaction by calling TracFone's Customer Care department at 1-800-378-1684. As such, Customer agrees that he/she will first contact Customer Care with any dispute and provide a description of the nature of the dispute, all relevant documents, other information concerning the dispute, and Customer's proposed resolution before taking any formal action. If Customer and TracFone are unable to reach a resolution of the dispute within 30 days of Customer's notice to us, Customer agrees that he/she will submit the dispute to binding arbitration as stated in SafeLink's Terms and Conditions of Service set forth at [www.safelinkwireless.com](http://www.safelinkwireless.com) or small claims court rather than filing a lawsuit. Customer may forward his or her dispute to: TracFone Wireless, Inc., Attn: Executive Resolution Department, 9700 NW 112 Avenue, Miami, FL 33178.

3.15. Privacy Policy

The Privacy Policy governing the Service is available at the SafeLink website found at [www.safelinkwireless.com](http://www.safelinkwireless.com).

**ADMINISTRATIVELY  
APPROVED FOR FILING**

SECTION 4. DESCRIPTION OF SERVICES OFFERED

4.1. Service Description

- 4.1.1. A person who submits a Lifeline application, together with supporting documentation, and who meets the eligibility requirements, will receive a free allotment of airtime minutes on their phone each month for one year.
- 4.1.2. To continue your enrollment in the SafeLink Lifeline program after the initial year, each customer must re-certify annually that the customer is qualified for continued enrollment in the SafeLink Lifeline program. TracFone will also conduct re-certification drives.
- 4.1.3. If TracFone determines during its re-certification drive, or at any other time, that a customer fails to continue to qualify for the SafeLink Lifeline program, such customer will immediately be deemed ineligible to participate in the program and will no longer receive the free monthly minutes.
- 4.1.4. TracFone reserves the right to cancel the enrollment of any customer and/or permanently deactivate any customer's phone for fraud, misrepresentation or other misconduct as determined solely by TracFone. While participating in the SafeLink Lifeline program, a customer shall not be permitted to sell, rent, give away or in any way allow another person to use the phone or SafeLink Service provided to the customer by TracFone. It is a violation of federal and state law to sell or give away the phone or Service provided to the customer. Any violation of this provision will be reported to the appropriate legal authorities for prosecution. If TracFone determines, in its sole discretion, that a SafeLink customer has violated these prohibitions, TracFone will permanently de-enroll the customer from the SafeLink Lifeline program, the customer's phone will be permanently deactivated and the customer's personal information will be permanently flagged so that the customer may not re-enroll in the SafeLink Lifeline program in the future.
- 4.1.5. Customer agrees that his/her SafeLink phone will not be used for any other purpose that is not allowed by the customer's agreement or that is illegal. TracFone can, without notice, limit, suspend, or end a customer's service and de-enroll a customer from the SafeLink Lifeline program for violating this provision or for any other good cause.

4.2. Activation and Use of Handset

- 4.2.1. Upon enrollment in the SafeLink Lifeline program, you may have the option of using your own phone (Bring Your Own Phone or BYOP) or receiving a free handset. The following terms and conditions are applicable to those customers who are offered the option of receiving a free SafeLink handset and choose to receive a SafeLink phone.

- 4.2.2. The customer must accept the telephone number assigned to the handset at the time of activation and the customer will acquire no proprietary interest in any number assigned to customer.
- 4.2.3. The wireless telecommunications networks used to transmit calls for the Lifeline service are owned and operated by various licensed commercial mobile radio service providers (Underlying Carriers), not SafeLink or TracFone.
- 4.2.4. The telephone number assigned to the customer's handset at the time of activation will not be changed for any reason, unless required by an Underlying Carrier, nor may a customer select a number to be assigned to his/her handset.
- 4.2.5. SafeLink Service can only be activated where SafeLink Service is offered and supported by SafeLink.
- 4.2.6. Services are provided at TracFone's discretion. Some functions and features referenced in the Manufacturer's manual provided with the SafeLink handset may not be available on all SafeLink handsets.
- 4.2.7. The customer may be able to activate the Service on a compatible, unlocked handset provided by the customer (BYOP). Some SafeLink features are available only on SafeLink handsets and will not be available with a customer's handset. If a customer is activating Service with their own handset, then the customer must use a compatible phone that does not interfere with TracFone's Service and complies with all applicable laws, rules and regulations. Devices capable only of using data are strictly prohibited and customer's use of any such device is grounds for immediate termination of Service without a refund.
- 4.2.8. Once a customer no longer participates in Lifeline Service (either by choice, disqualification, cancellation or termination), such customer may retain the phone provided by TracFone, as well as any remaining service days and minutes for their use. Such person may remain as a TracFone customer as long as he/she complies with the TracFone Terms and Conditions of Service set forth at [www.tracfone.com](http://www.tracfone.com).
- 4.3. Retrieval of Airtime Minutes
- 4.3.1. While eligible and participating in Lifeline service, each customer will receive a free monthly allotment of airtime minutes. However, in order to receive the monthly allotment a customer will need to turn on and leave on his/her handset the first few days of each month.
- 4.3.2. If a customer does not receive the monthly allotment of minutes because the phone was not on at the beginning of the month or does not automatically retrieve minutes when turned on, the allotted minutes may be self-retrieved by

following the instructions below. If for any reason these instructions do not work on the handset, assistance is available at 1-800-378-1684.

- 4.3.2.A. Turn SafeLink phone ON.
- 4.3.2.B. From the Main screen, press the MENU key. Select "Prepaid."
- 4.3.2.C. From the menu select, "Add Airtime" or "Redeem Airtime."
- 4.3.2.D. Dial 5 5 5 and press OK.

4.4. Annual Verification and Non-Usage Deactivation

- 4.4.1. A SafeLink customer is required to annually verify continued SafeLink Lifeline program eligibility (not including the year you enroll). If a customer fails to complete the annual verification by the customer's service initiation anniversary date, the customer will be de-enrolled from the SafeLink Lifeline program. Upon de-enrollment from the SafeLink Lifeline program, you will cease receiving the free monthly allotment of airtime. If you are de-enrolled, your phone will remain active and you may continue to use your phone so long as you have available airtime minutes and service days remaining on your phone. You may purchase airtime and service days to keep your phone service active. If you are de-enrolled from the SafeLink Lifeline program and you allow your remaining service days to expire or go "past due," your phone service will be deactivated, you may lose your unused minutes and you will lose your wireless telephone number.
- 4.4.2. If your service is deactivated, you may reactivate your service by re-enrolling in the SafeLink Lifeline program (if eligible) or purchasing and redeeming a TracFone airtime card with service days. Upon reactivation of your phone, you may be assigned a new telephone number.
- 4.4.3. If you have been de-enrolled from the SafeLink Lifeline program but you wish to keep your service active, you must purchase and redeem additional airtime and service days before the "Service End Date" displayed on your phone. To prevent any interruption in your phone service, please keep your handset service active by timely completing your annual verification as required by the SafeLink Lifeline program or by purchasing and adding TracFone airtime cards before your Service End Date.
- 4.4.4. "No Usage" De-Enrollment and Deactivation: Only subscribers who actively use their Lifeline service are eligible to continue receiving benefits. If you reach 30 days without any Usage (as defined in this section), you will be notified that failure to use your handset within 15 days will result in termination of Lifeline benefits. "Usage" includes any of the following: making a call, answering a call from someone other than SafeLink, sending a text message, using data services, retrieving your pending minutes by pressing 555, completing the Annual

Recertification process, purchasing airtime or data or informing TracFone that you wish to continue your participation in the SafeLink Lifeline program. In order to reactivate your SafeLink phone and re-enroll in the SafeLink Lifeline program, you will need to call SafeLink Customer Care. Upon successful re-enrollment, you will receive the monthly minutes that you were entitled to receive through the date your enrollment was cancelled. You will not, however, receive any airtime for the period of time you were not enrolled in the SafeLink Lifeline program.

4.5. Airtime and Data Usage

- 4.5.1. Airtime minutes or data units will be deducted for all time during which a SafeLink phone is connected to, or using, the wireless system of any Underlying Carrier. SafeLink airtime is issued in minute or unit increments. Units are deducted from the SafeLink phone at a rate of one (1) unit per minute or partial minute of use. Partial minutes are rounded up to the next minute. Data is deducted based on actual usage.
- 4.5.2. Use of a wireless system typically begins when the user presses the "send", "call" or other key to initiate or answer a call and does not end until the user presses the "end" key or the call is otherwise terminated.
- 4.5.3. Airtime minutes are deducted for all incoming and outgoing calls, including incoming call waiting calls, calls to toll free numbers, 411, Customer Care (when not accessing Customer Care by dialing 611), and to access voice mail. Airtime minutes are not deducted for calls to Customer Care when a customer dials 611 directly from his/her handset.
- 4.5.4. Airtime minutes are not deducted for calls to 911, and all handsets will be able to call 911 even if they have no airtime remaining. For outbound calls, customers may be charged airtime for incomplete and/or busy-no answer calls.
- 4.5.5. No credit or refund is given for dropped calls.

4.6. Wi-Fi Calling

- 4.6.1. Wi-Fi Calling may be available only on phones that are Wi-Fi Calling capable and that have a Wi-Fi Calling enabled SIM card (depending on the Carrier). Wi-Fi Calling provides customer with the ability to make and receive phone calls and text messages over a Wi-Fi connection. Wi-Fi Calling enhances coverage in buildings and other locations. If you use a Wi-Fi network for making or receiving calls and text messages or for any other reason, you acknowledge and agree that your use of such Wi-Fi network is permissible and that you are solely responsible for such use. Using a Wi-Fi Calling feature may provide access to an unsecured Wi-Fi network which could impact data security. Wi-Fi Calling can be disabled by toggling it off in the device settings menu.

- 4.6.2. TracFone recommends that customers use wireless service as their primary method of contacting 911. However, a customer may be able to use Wi-Fi Calling for dialing 911 if their phone is equipped with this feature and customer has access to the internet through the phone's W-Fi connection. To dial 911 using Wi-Fi Calling, a customer must provide TracFone with an address for primary use of Wi-Fi ("Primary Address") at the time of activation. If the location at which customer primarily uses Wi-Fi changes, either temporarily or permanently, customer must register the new address online at [e911-reg.tracfone.com](http://e911-reg.tracfone.com) or by contacting Customer Care at 1-877-440-9758. It may take 24 hours or more to update address information. If customer does not give TracFone a Primary Address, TracFone will block customer's ability to use Wi-Fi calling. When you use Wi-Fi Calling to dial 911 and you are away from your Primary Address, TracFone will have no information about your location. As such, always be prepared to report your precise location to emergency responders.
- 4.6.3. Please be aware that dialing 911 via Wi-Fi Calling requires access to the internet and operates differently than traditional 911 calling services. For example, 911 service via Wi-Fi Calling may be limited or not available due to various circumstances, including, relocation of equipment, loss or disruption of power, internet or wireless service, internet congestion or a connection failure, delays in availability of registered location information, and/or other technical problems.

4.7. Text Messaging

- 4.7.1. Customer will receive a free unlimited allotment of SMS usage to send and/or open text messages.
- 4.7.2. SafeLink text messaging may not be used for certain unauthorized uses that adversely impact SafeLink's Service. Examples of unauthorized uses include, without limitation, the following: (i) automated text or picture messaging to another mobile device or e-mail address; and (ii) other commercial uses. A customer engaged in any unauthorized use of SafeLink Service may have his/her service terminated. Customers will be provided notice and an opportunity to take corrective action with respect to unauthorized uses before service is terminated.
- 4.7.3. SafeLink does not allow international text messages. Attempting to send international messages could result in service deactivation and de-enrollment from the SafeLink Lifeline program.
- 4.7.4. Please note that TracFone does not generally participate in Premium SMS services or campaigns. Premium SMS refers to activities that usually involve sending a text message to a designated "short code" or buying or attempting to buy SMS services from anyone other than TracFone. Premium SMS campaigns include activities such as casting a vote, expressing opinions, playing a game, subscribing to a service, or interactive television programs. Customers should not

attempt to participate in Premium SMS campaigns, unless it is a TracFone authorized campaign. Any text message sent to a "short code" will in all likelihood not go through. Any charges incurred as a result of any attempts to participate in Premium SMS services or campaigns (not authorized by TracFone) whether incurred as deductions from the SafeLink phone or from credit card, are not refundable.

SECTION 5. RATES

5.1. Airtime Rates

Airtime is issued in minute/unit increments. ("Units" are the same as minutes.) Minutes/units are deducted from the handset in the following manner: all calls are charged at a rate of one (1) unit per minute. There is no additional charge for nationwide long distance. Data is charged based on actual usage.

5.2. International Calling

SafeLink offers its customers international long distance service as an additional feature that may be purchased. The terms of international long distance service are stated in SafeLink's Terms and Conditions of Service set forth at [www.safelinkwireless.com](http://www.safelinkwireless.com).

5.3. Adding Airtime

5.3.1. SafeLink phones will only operate when customers have airtime minutes and/or data available on the SafeLink handset.

5.3.2. If customers run out of the free monthly allotment of airtime, additional minutes may be purchased to add airtime to the phone. Instructions for adding airtime to the phone are provided on the airtime cards and are available on the SafeLink website at [www.safelinkwireless.com](http://www.safelinkwireless.com).

5.4. Airtime Cards

5.4.1. Customers may purchase and use any SafeLink or TracFone airtime cards for their SafeLink phones. Each airtime card comes with a number of minutes and a service period that begins to run from the day a customer adds airtime to his/her SafeLink phone.

5.4.2. TracFone markets Double Minute cards for TracFone users. All SafeLink customers automatically receive Double Minute benefits on any purchases of additional airtime. SafeLink users will not receive any additional benefit by purchasing a Double Minute card. The free monthly allotment of minutes provided to the customer while enrolled in the SafeLink Lifeline program and any bonus or promotional minutes will not double with the purchase and addition of any airtime cards.

5.4.3. Each TracFone airtime card includes a set number of minutes, data and service days that begin to run from the date a customer adds the airtime to the SafeLink phone. SafeLink Customers may purchase airtime at the rate of 10¢ or less per unit. Details about the number of airtime minutes received by SafeLink Customers who purchase TracFone airtime cards are stated in SafeLink's Terms
