To: Guadalupe Ortiz
Subject: Big Park Water Company, Dkt #1624

Dear Ms. Ortiz,

"Big Park Water Company agrees to eliminate the tariff for Standpipe Services as described on page 3.A, Section C, Statement of Charges for Water Service, as there is no provision for it contained in the Order Section of Decision 57507, dated August 2, 1991."

Thank you for bringing this matter to our attention.

Best Regards,
Dottie Talkington

PERMITTED COSTS

- A. Costs shall be verified by invoice.
- B. For services that are provided by the Company at cost, cost shall include labor, materials, other charges incurred, and overhead. However, prior to any such service being provided, the estimated cost of such service will be provided by the Company to the customer. After review of the cost estimate, the customer will pay the amount of the estimated cost to the Company.
- C. In the event that the actual cost is less than the estimated cost, the Company will refund the excess to the customer within 30 days after completion of the provision of the service or after Company's receipt of invoices, timesheets or other related documents, whichever is later.
- D. In the event the actual cost is more than the estimated cost, the Company will bill the customer for the amount due within 30 days after completion of the provision of the service or after the Company's receipt of invoices, timesheets or other related documents, whichever is later. The amount so billed will be due and payable 30 days after the invoice date.
- E. At the customer's request, the Company shall make available to the customer all invoices, timesheets or related documents that support the cost for providing such service.
- F. Permitted costs shall include any State or Federal income taxes that are or may be payable by the Company as a result of any tariff or contract for water facilities under which the Customer advances or contributes funds or facilities to the Company.

STATEMENT OF TERMS AND CONDITIONS**FIRE HYDRANT AND INTERIOR FIRE SPRINKLER SERVICE**

The Company will provide Fire Protection Service under the following conditions:

A. Facility Specifications

The size, location, number, and technical specifications of facilities used to provide Fire Protection Service shall be prescribed by the Fire Protection Service Customer, developer, or any authorized agency having jurisdiction over those facilities, so long as:

- (1) Those facilities do not adversely affect the Company's ability to provide other service, and
- (2) The maximum diameter of the fire protection service connection is not larger than the diameter of the main to which the service is connected, and
- (3) In the case of a fire hydrant, that the facilities are located in the public right-of-way, and
- (4) In the case of a fire sprinkler system, that the sprinkler system is separate from the other service facilities, unless the Company has specifically approved an integrated system and Company-approved check valves are installed.

STATEMENT OF TERMS AND CONDITIONS**B. Construction Specifications;
Ownership of Facilities; Relocation**

Fire hydrants, and all valves, pipes, fittings and appurtenances related to the hydrant shall be installed to the Company's construction specifications under non-refundable Contributions in Aid of Construction, paid by the Developer or Fire Protection Service Customer, and shall become the property of the Company.

Fire sprinkler systems up to a mutually-agreed upon point of interconnection shall be installed to the Company's construction specifications under non-refundable Contributions in Aid of Construction, paid by the Developer or Fire Protection Service Customer, and shall become the property of the Company. The installation, maintenance and operation of fire sprinkler systems within the Customer's facility, and beyond the point of interconnection, shall be the responsibility of the Customer.

Relocation costs of any Company-owned fire protection facilities shall be paid by the Customer or the party requesting relocation. Relocation costs include costs incurred due to moving facilities to accommodate reconstruction, widening, realignment, or grade changes to alleys, streets, roads, or highways.

STATEMENT OF TERMS AND CONDITIONS**C. Interruptible Service; Company's Liability Limitations**

The Company will exercise reasonable diligence to provide continuous water service to fire hydrant and interior fire sprinkler service customers. Fire Protection Service is conditioned upon the express understanding that THE COMPANY DOES NOT GUARANTEE OR INSURE UNINTERRUPTED OR REGULAR WATER SERVICE, NOR DOES THE COMPANY REPRESENT THE PRESENCE OF ADEQUATE PRESSURE, VOLUME, OR FIRE FLOW AVAILABLE ANYWHERE ON ITS WATER SYSTEM BY OFFERING FIRE PROTECTION SERVICE AS SPECIFIED HEREIN.

Fire Protection Service is further conditioned on the Fire Protection Service Customer agreeing TO HOLD HARMLESS AND INDEMNIFY THE COMPANY from and against any and all liability, loss, damage or expense the Company may incur as a result of claims, demands, costs or judgment against the Company including, but not limited to, loss of or damage to property or injury or to death of persons, arising, directly or indirectly, out of the Company's providing of water service, or any activities or operations related thereto, or any breach by the Fire Protection Service Customer of the terms, covenants or conditions of this Tariff Schedule. The Company shall be entitled to recover its reasonable attorneys' fees should the Fire Protection Service Customer fail to comply with this provision. This provision applies to, and regardless of, any negligence or alleged negligence on the part of the Company, its employees, servants or agents.

CROSS-CONNECTION CONTROL

- A. **Purpose.** To protect the public water supply in the Company's water system from the possibility of contamination caused by backflow through unprotected cross-connections by requiring the installation and periodic testing of backflow-prevention assemblies pursuant to the provisions of the Arizona Administrative Code, Title 14, Chapter 2, Section 405.B.6 as adopted by the Arizona Corporation Commission, and Title 18, Chapter 4, Section 232, as adopted by the Arizona Department of Environmental Quality.
- B. **Inspections.** The customers shall cooperate fully with the Company in its efforts to investigate and determine the degree of potential health hazard to the public water supply which may result from conditions existing on the customer's premises.
- C. **Requirements.** In compliance with the Rules and Regulations of the Arizona Corporation Commission and the Arizona Department of Environmental Quality, specifically A.A.C. R14-2-405.B.6 and A.A.C. R18-4-232 relating to backflow prevention:
- (1) The Company may require a customer to pay for and install, maintain, test and repair a backflow-prevention assembly if A.A.C. R18-4-232.B or C applies.
 - (2) A backflow-prevention assembly required to be installed by the customer under this tariff shall comply with the requirements set forth in A.A.C. R18-4-232.D and E.

- (3) The Company shall give any customer who is required to install and/or test a backflow-prevention assembly written notice of said requirement. If A.A.C. R14-2-410.B.1.a. is not applicable, the customer shall be given thirty (30) days in which to comply with this notice. If the customer can show good cause as to why he cannot install the device within thirty (30) days, the Company or the Arizona Corporation Commission Staff may grant additional time for this requirement.
- (4) Testing shall be in conformance with the requirements of A.A.C. R18-4-232.F. The Company shall not require an unreasonable number of tests.
- (5) The customer shall provide the Company with records of installation and testing. For each backflow-prevention assembly, these records shall include:
- i. assembly identification number and description;
 - ii. location;
 - iii. date(s) of test(s);
 - iv. description of repairs made by tester; and
 - v. tester's name and certificate number.

D. **Discontinuance of Service.** In accordance with A.A.C. R14-2-407 and 410 and provisions of this tariff, the Company may terminate service or deny service to a customer who fails to install and/or test a backflow-prevention assembly as required by this tariff.

- (1) In the event the backflow-prevention assembly has not been installed or fails any test and A.A.C. R14-2-410.B.1.a. is applicable, the Company may terminate service immediately and without notice. The backflow-prevention assembly shall be installed and repaired by the customer and retested before service is restored.

CROSS-CONNECTION OR BACKFLOW TARIFF

ORIGINAL

PURPOSE:

The purpose of this tariff is to protect Big Park Water Company ("Company") water from the possibility of contamination caused by the backflow of contaminants that may be present on the customer's premises by requiring the installation and periodic testing of backflow-prevention assemblies pursuant to the provisions of the Arizona Administrative Code ("A.A.C.") R14-2-405 B 6 and A.A.C. R18-4-215.

REQUIREMENTS:

In compliance with the Rules of the Arizona Corporation Commission ("Commission") and the Arizona Department of Environmental Quality ("ADEQ"), specifically A.A.C. R14-2-405 B 6 and A.A.C. R18-4-215 relating to backflow prevention:

1. The Company may require a customer to pay for and to have installed a backflow-prevention assembly if A.A.C. R18-4-215 B or C applies.
2. A backflow-prevention assembly required to be installed by the customer under Paragraph 1 of this tariff shall comply with the requirements set forth in A.A.C. R18-4-215 D and E.
3. Subject to the provisions of A.A.C. R14-2-407 and 410, and in accordance with Paragraphs 1 and 7 of this tariff, the Company may terminate service or may deny service to a customer who fails to install a backflow-prevention assembly as required by this tariff.
4. The Company shall give any existing customer who is required to install a backflow-prevention assembly written notice of said requirement. If A.A.C. R14-2-410 B 1 a is not applicable, the customer shall be given thirty (30) days from the time such written notice is received in which to comply with this notice. If the customer can show good cause as to why he cannot install the backflow-prevention assembly within thirty (30) days, the Company or Commission Staff may suspend this requirement for a reasonable period of time.

Effective: 1-12-14

CURTAILMENT PLAN FOR: Big Park Water Company

(Template 102109)

ADEQ Public Water System No: 13-012

Little Park Water Company ("Company"), is authorized to curtail water service to all customers within its certificated area under the terms and conditions listed in this tariff.

This curtailment plan shall become part of the Arizona Department of Environmental Quality Emergency Operations Plan for the Company.

The Company shall notify its customers of this new tariff as part of its next regularly scheduled billing after the effective date of the tariff or no later than sixty (60) days after the effective date of the tariff.

The Company shall provide a copy of the curtailment tariff to any customer, upon request.

Stage 1 Exists When:

Company is able to maintain water storage in the system at 100 percent of capacity and there are no known problems with its well production or water storage in the system.

Restrictions: Under Stage 1, the Company is deemed to be operating normally and no curtailment is necessary.

Notice Requirements: Under Stage 1, no notice is necessary.

Stage 2 Exists When:

- a. Company's water storage or well production has been less than 80 percent of capacity for at least 48 consecutive hours, and
- b. Company has identified issues such as a steadily declining water table, increased draw down threatening pump operations, or poor water production, creating a reasonable belief the Company will be unable to meet anticipated water demand on a sustained basis.

Restrictions: Under Stage 2, the Company may request the customers to voluntarily employ water conservation measures to reduce water consumption by approximately 50 percent. Outside watering should be limited to essential water, dividing outside watering on some uniform basis (such as even and odd days) and eliminating outside watering on weekends and holidays.

**ADMINISTRATIVELY
APPROVED FOR FILING**

Revised October 21, 2009

TARIFF SCHEDULE

Utility: Big Park Water Company
Docket No.: _____
Phone No.: 928-284-2298

Tariff Sheet No.: 2 of 4
Decision No.: _____
Effective: 1-12-14

Notice Requirements: Under Stage 2, the Company is required to notify customers by delivering written notice door to door at each service address, or by United States first class mail to the billing address or, at the Company's option, both. Such notice shall notify the customers of the general nature of the problem and the need to conserve water.

Stage 3 Exists When:

- a. Company's total water storage or well production has been less than 50 percent of capacity for at least 24 consecutive hours, and
- b. Company has identified issues such as a steadily declining water table, increased draw down threatening pump operations, or poor water production, creating a reasonable belief the Company will be unable to meet anticipated water demand on a sustained basis.

Restrictions: Under Stage 3, the Company shall request the customers to voluntarily employ water conservation measures to reduce daily consumption by approximately 50 percent. All outside watering should be eliminated, except livestock, and indoor water conservation techniques should be employed whenever possible. Standpipe service shall be suspended.

Notice Requirements:

1. Company is required to notify customers by delivering written notice to each service address, or by United States first class mail to the billing address or, at the Company's option, both. Such Notice shall notify the customers of the general nature of the problem and the need to conserve water.
2. Beginning with Stage 3, the Company shall post at least 10 signs showing the curtailment stage. Signs shall be posted at noticeable locations, like at the well sites and at the entrance to major subdivisions served by the Company.
3. The Company shall notify the Consumer Services Section of the Utilities Division of the Corporation Commission at least 12 hours prior to entering Stage 3.

Once Stage 3 has been reached, the Company must begin to augment the supply of water by either hauling or through an emergency interconnect with an approved water supply in an attempt to maintain the curtailment at a level no higher than Stage 3 until a permanent solution has been implemented.

Stage 4 Exists When:

- a. Company's total water storage or well production has been less than 25 percent of capacity for at least 12 consecutive hours, and
- b. Company has identified issues such as a steadily declining water table, increased draw down threatening pump operations, or poor water production, creating a reasonable belief the Company will be unable to meet anticipated water demand on a sustained basis.

Restrictions: Under Stage 4, Company shall inform the customers of a **mandatory** restriction to employ water conservation measures to reduce daily consumption. Failure to comply will result in customer disconnection. The following uses of water shall be prohibited:

- Irrigation of outdoor lawns, trees, shrubs, or any plant life is prohibited
- Washing of any vehicle is prohibited
- The use of water for dust control or any outdoor cleaning uses is prohibited
- The use of drip or misting systems of any kind is prohibited
- The filling of any swimming pool, spas, fountains or ornamental pools is prohibited
- The use of construction water is prohibited
- Restaurant patrons shall be served water only upon request
- Any other water intensive activity is prohibited

The Company's operation of its standpipe service is prohibited. The addition of new service lines and meter installations is prohibited.

Notice Requirements:

1. Company is required to notify customers by delivering written notice to each service address, or by United States first class mail to the billing address or, at the Company's option, both. Such notice shall notify the customers of the general nature of the problem and the need to conserve water.
2. Company shall post at least 10 signs showing curtailment stage. Signs shall be posted at noticeable locations, like at the well sites and at the entrance to major subdivisions served by the Company.
3. Company shall notify the Consumer Services Section of the Utilities Division of the Corporation Commission at least 12 hours prior to entering Stage 4.

Effective: 1-12-14

Once Stage 4 has been reached, the Company must augment the supply of water by hauling or through an emergency interconnect from an approved supply or must otherwise provide emergency drinking water for its customers until a permanent solution has been implemented.

Customers who fail to comply with the above restrictions will be given a written notice to end all outdoor use. Failure to comply with two (2) working days of receipt of the notice will result in temporary loss of service until an agreement can be made to end unauthorized use of outdoor water. To restore service, the customer shall be required to pay all authorized reconnection fees. If a customer believes he/she has been disconnected in error, the customer may contact the Commission's Consumer Services Section at 1-800-222-7000 to initiate an investigation.

TARIFF SCHEDULE

UTILITY: Big Park Water Company, Inc.
DOCKET NO.: W-01624A-05-0276

DECISION NO. 67882
EFFECTIVE DATE: June 1 , 2005

ARSENIC IMPACT HOOK-UP FEE TARIFF

I. Purpose and Applicability

The purpose of the Arsenic Impact Hook-up Fee Tariff payable to **Big Park Water Company, Inc.** ("the Company") pursuant to this tariff is to equitably apportion the costs of constructing water treatment plant facilities to treat and remove arsenic. These charges are applicable to all new service connections established after the effective date of the tariff. The charges are one-time charges and are payable as a condition to the Company's establishment of service, as more particularly provided below.

II. Definitions

Unless the context otherwise requires, the definitions set forth in R-14-2-401 of the Arizona Corporation Commission's ("Commission") rules and regulations governing water utilities shall apply in interpreting, this tariff schedule.

"Applicant" means any party entering into an agreement with the Company for the installation of water facilities to serve new service connections.

"Arsenic Treatment Facilities" means treatment equipment and related appurtenances necessary for the removal of arsenic through treatment of water to meet the 10 parts per billion ("ppb") arsenic standards.

"Company" means Big Park Water Company, Inc., an Arizona corporation.

"Main Extension Agreement" means any agreement whereby an applicant agrees to advance the costs of the installation of water facilities to the Company to serve new service connections, or install water facilities to serve new service connections and transfer ownership of such water facilities to the Company, which agreement shall require the approval of the Commission's Utilities Division (same as line extension agreement).

"Service Connection" means and includes all service connections for residential, commercial, industrial, or other uses, regardless of meter size.

III. Arsenic Impact Hook-up Fee Tariff Charges

Each new service connection shall pay the Arsenic Impact Hook-up Fee Tariff derived from the following table:

ARSENIC IMPACT HOOK-UP FEE TARIFF TABLE		
Meter Size	Meter Factor	Fee
5/8" x 3/4"	1	\$660
3/4"	1.2	\$800
1"	2	\$1,320
1-1/2"	4	\$2,640
2"	6.4	\$4,230
3"	12	\$7,920
4"	20	\$13,200
6" or larger	40	\$26,400

IV. Terms and Conditions

- (A) Assessment of One Time Arsenic Impact Hook-up Fee Tariff Charge: The tariff may be assessed only once per service connection, or lot within a platted subdivision (similar to service line and meter installation charges). However, this provision does not exempt from the Arsenic Impact Hook-up Fee, any newly created parcel(s) which are the result of further subdivision of a lot or land parcel and which do not have a service connection.
- (B) Use of Arsenic Impact Hook-up Fee Tariff: Arsenic Impact Hook-up Fee Tariff may only be used to pay for capital items of arsenic treatment facilities (including engineering and design costs for such facilities), or for repayment of loans obtained for installation of arsenic treatment facilities. Arsenic Impact Hook-up Fee Tariff shall not be used for expenses, maintenance, or operational purposes.
- (C) Time of Payment:
- (1) In the event that the Applicant is required to enter into a main extension agreement, whereby the Applicant agrees to advance the costs of installing mains, valves, fittings, hydrants and other on-site improvements in order to extend service in accordance with R-14-2-406(B), payment of the charges required hereunder shall be made by the Applicant within 15 calendar days after receipt of notification from the Company that the Utilities Division of the Commission has approved the main extension agreement in accordance with R-14-2-406(M).

ORIGINAL

- (2) In the event the Applicant is not required to enter into a main extension agreement, the charges hereunder shall be due and payable at the time the service line and meter installation charge is due and payable.
- (D) Failure to Pay Charges, Delinquent Payments: Under no circumstances will the Company set a meter or otherwise allow service to be established if the Applicant has not paid in full all charges as provided by this tariff.
- (E) Arsenic Impact Hook-up Fee Tariff Non-refundable: The amounts collected by the Company pursuant to the tariff shall be non-refundable advances in aid of construction.
- (F) Use of Charges Received: All funds collected by the Company pursuant to the tariff shall be deposited into a separate interest bearing trust account and used solely for the purposes of paying for the costs of arsenic treatment facilities (including engineering and design costs for such facilities), including repayment of loans obtained for the installation of arsenic treatment facilities that will benefit the entire water system.
- (G) Arsenic Impact Hook-up Fee Tariff in Addition to Other Charges: The tariff shall be in addition to any costs associated with a main extension agreement for on-site facilities, and are in addition to the amounts to be advanced pursuant to charges authorized under other sections of this tariff.
- (H) Disposition of Excess Funds: After all necessary funds are collected to pay for all Arizona Department of Environmental Quality required arsenic treatment facilities or the tariff has been terminated by order of the Commission, any funds not necessary to pay for arsenic treatment facilities remaining in the trust shall be refunded. The manner of the refund shall be determined by the Commission at the time a refund becomes necessary.
