ARIZONA CORPORATION COMMISSION

August 25, 2022

The Honorable Douglas A. Ducey
Governor of Arizona
1700 W. Washington St.
Phoenix, AZ 85007

Dear Governor Ducey,

The Arizona Corporation Commission is pleased to submit our FY 2024 Budget Request. FY24 finds us committed to continuing our efforts to fulfill the duties entrusted to us by the Arizona Constitution.

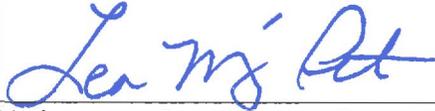

The Commission's FY24 budget request continues our FY23 funding while adding \$7,750,000 in funding to aid in staff recruitment and retention and to address a looming expiration of our contract with Civix which manages the eCorp platform for our Corporations Division. The two areas of additional funding are explained in more detail below:

1. The 2023 budget bill passed with a much-needed statewide employee salary increase of 10%. This increase is effective July 8th. Although these 10% increases to our appropriation for salary and retention was much needed, we have a \$750,000 gap to fill in 2024. The agency has 36 vacant positions and 5 of these positions are unfunded. In addition, the 10% increase for staff now creates a salary gap with these 31 funded vacant positions as they were not budgeted at this new 10% increased hourly rate. To fund these gaps, we propose to ask to increase our Securities Regulatory and Enforcement Fund (SREF) appropriation by \$750,000. The Securities fund revenues are brought in through securities registrations and filing fees. This fund can be shared by four of our eight divisions. With this increase, we release the burden on the Utility Regulatory Revolving Fund (URRF) by funding eligible divisions with SREF rather than URRF. This option allows us the flexibility to do the things we need to do without increasing our current URRF appropriation which affects the utility assessment. Over the past three years, the agency has earned roughly \$28 million annually in this fund, and, per statute, we revert approximately \$15 million annually to the General Fund. An increase in the SREF will not affect taxpayers or ratepayers. The State does not budget SREF reversion money, nor is it considered operational funding for the General Fund.
2. Our second 2024 budget ask item is regarding the eCorp system in the Corporations Division. Our current 5-year contract with Civix is expiring in January 2024. Per State Procurement Rules we are required to solicit for bids using the Request for Proposal (RFP) process. This allows companies to bid, including Civix, for our next 5-year contract. Preliminary general conversations with Civix have determined that if we stay with Civix for the next 5 years we will need money to upgrade to their new 2.0 system. If the RFP process concludes with ACC choosing a new company to run our eCorp system, we will need money to migrate to the new

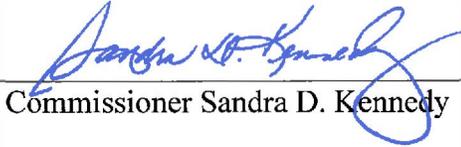

company. We request a \$7M special line item appropriation in the Public Access Fund (PAF) or the Automation Projects Fund (APF) to fund this project.

The Arizona Corporation Commission is committed to serving Arizonans statewide effectively and efficiently.

Sincerely,

Chairwoman Lea Márquez Peterson

Commissioner Sandra D. Kennedy

AGENCY NAME & AFIS CODE: ARIZONA CORPORATION COMMISSION - CCA
COST CENTER/PROGRAM: AGENCY-WIDE

FY2024 FUNDING ISSUE JUSTIFICATION

SECURITIES REGULATORY AND ENFORCEMENT FUND APPROPRIATION INCREASE

Problem Statement

The Arizona Corporation Commission is asking for an increase to the Securities Regulatory and Enforcement Fund, Operations Appropriation. This will fund critical salary increases to aid in retention and recruitment and provide funding to add full-time positions to divisions struggling with workload volumes.

Total request: \$750,000 – Securities Regulatory and Enforcement Fund

The Arizona Corporation Commission (ACC) is challenged by an expanding workload of utility rate cases, securities fraud investigations, Limited Liability Corporation (LLC), and Corporation registrations as more of the United States population continue migrating to Arizona. Like most State agencies, keeping salaries within current market ranges and competitive to retain staff and institutional knowledge is challenging. As the cost of living continues to rise, employees search for positions outside of the ACC that pay more money. As staff leave, they take with them institutional knowledge. On average, it takes 4-6 months to fully replace a specialized position, from finding and filling the vacancy to enrolling staff into training to get up to speed with the rest of their team. In the meantime, other staff within the organization are covering the caseload left from the vacant position and becoming stressed out and overworked. The ACC then risks losing the overworked staff, and the cycle continues. Recruitment has been difficult, despite our efforts at posting available jobs beyond the state job website, and in many cases, few individuals with proper qualifications have even applied.

The agency has moved to a modified zero-based budgetary process over the past three (3) fiscal years. Starting from zero every year, we work with each division to identify and justify their specific needs, including employee incentives such as bonuses, raises, and promotions, outlining division needs for remote work, equipment purchases, and building improvements. Budget priorities change year over year, and funding is shifted between divisions to ensure those priorities are met, as many divisions can be sourced from multiple funds. The ACC can maximize every dollar received under our current appropriation levels by completing a modified zero-base annually. After the legislative session, the agency's budget is finalized and distributed to all divisions.

The 2023 appropriations act passed with a much-needed statewide employee salary increase of 10%, and our law enforcement staff in the Securities Division received 15%. Although these increases to our appropriations for salary and retention were much needed, we have a \$750,000 gap to fill in 2024. As of July 1, 2022, the ACC had 36 vacant positions; five (5) positions are unfunded. Unfunded is defined as not having enough room in our current appropriations to fund these positions (salary and employee-related expenses) fully, so they are forced to be unfilled or recruited to maintain fiscal balance and integrity. In addition, the increase for staff created a salary gap with these 31 funded vacant positions as they were not budgeted at the new 10% increased hourly rate.

FY2024 FUNDING ISSUE JUSTIFICATION

**SECURITIES REGULATORY AND ENFORCEMENT FUND APPROPRIATION
INCREASE**

Proposed Solution

To fund these gaps, the ACC is asking to increase our Securities Regulatory and Enforcement Fund (SREF) operational appropriation by \$750,000. The SREF revenues are brought in through securities registrations and filing fees. This fund can be shared by four (4) of our eight (8) divisions. With this increase, we release the Utility Regulatory Revolving Fund (URRF) burden by funding eligible divisions with SREF rather than URRF. This option allows the ACC to do what we need to do without increasing our current URRF appropriation, which affects the utility assessment, passed down to Arizona residents on their utility bills. Over the past three (3) years, the agency has earned roughly \$28 million annually in this fund, and, per statute, we revert approximately \$15 million annually to the General Fund. An increase in the SREF will not affect taxpayers or ratepayers.

This funding request will have no impact on the State's General Fund, or any other state fund, as reversion money is not budgeted operational revenue for the General Fund.

Performance Measures to Quantify Success of Solution

- Timely but thorough, responses to Commission inquiries, fraud investigations, and business filings
- Workshop scheduling and coordination of the development of rules, policies, and guidelines,
- Meeting assignment processing timelines for numerous categories of approval requests, which will include:
 - o Rate case filings
 - o Financing applications
 - o Purchased power adjustor filings
 - o Other rate adjustor approval requests
 - o Energy-efficiency cost-recovery filings
 - o Resource planning
 - o Net metering and avoided cost recovery filings
 - o Telecom tariff filings
 - o CC&N approval requests
 - o Compliance checks
 - o Review of annual reports

Impact of Not Funding This Year

The impact of not funding this wage gap results in the increased number of unfunded vacant positions. The original 31 funded vacant positions available for immediate recruitment and filling are decreased to 20 with their new hourly rates, and the unfunded positions go from 5 to 16. The ACC Administration Division and HR Manager would work with the divisions to prioritize critical vacant positions. Not funding this gap would cause significant stress and hardship to our already decreasing staffing numbers.

ECORP SYSTEM UPGRADE OR REPLACEMENT – CONTRACT EXPIRING

Problem Statement

The Arizona Corporation Commission is asking for a one-time, special line-item appropriation in the Public Access Fund to fund the replacement or upgrade of the current eCorp system. This system is critical to the Business One-Stop statewide project funded by the Automation Projects Fund with the Arizona Department of Administration.

Total request: \$7,000,000 – Public Access Fund SLI

Business One-Stop is a Governor's initiative project that is part of the State's goal to have a one-stop shopping place for Arizona citizens to do service transactions with the State. In this case, the objectives are to combine services during the business ownership cycle, including business planning and support, business registration, trade name filing, and the payment of business taxes. The agencies and departments involved are the Arizona Corporation Commission (ACC), Secretary of State, Department of Revenue, and Arizona Department of Administration (ADOA).

In this project, each agency has a pre-existing back-end system that will be kept that holds the financial and registration data. The Arizona Department of Transportation is building a front-end portal that collects new filings and payments and sends that information to those agency systems. The portal also retrieves in-progress information from those back-end systems. Application Programming Interfaces (APIs) are built to facilitate data exchange between multiple systems.

The ACC's current back-end system is a Commercial Off-the-Shelf (COTS) solution customized for the Commission by Civix (formerly PCC Technology INC on contract ADSPO17-152729). As such, it is necessary to have the vendor who developed the source code develop those APIs and integrate them into their product. The vendor also makes all current modifications and releases for change requests per contract. The eCorp software was accepted on February 2, 2019, with the maintenance being prepaid for five (5) full years, making the **last day of the contract January 31, 2024**.

Per ADOA's State Procurement Office (SPO) policies and compliance rules, we are required to solicit bids using the Request for Information (RFI) and Request for Proposal (RFP) process to sign a new five (5) year contract for the ACC's back-end system, eCorp. As this new contract will be above our current delegation of authority amount of \$100,000, we have enlisted a Chief Procurement Officer at SPO to assist our agency with the development, coordination, and final signature and compliance checks for the RFI and RFP. Preliminary general conversations with Civix have determined that if we stay with Civix for the next five (5) years, we will need money to upgrade to their new 2.0 solution. If the RFP process concludes with ACC choosing a new company to run our eCorp system, we will need money to migrate to the new company.

Current timeline of SPO/ACC's RFI and RFP process:

Impact of Not Funding This Year

The impact of not funding this project would leave the ACC Corporations Division in a vulnerable spot. All services for the public would have to stop as we do not own the coding for the current eCorp software following the expiration of the current contract with Civix on January 31, 2024. Not funding this project will also affect the Business One-Stop platform as the ACC's eCorp system is a vital part of the platform and essentially the first stop when creating a business here in Arizona.

The Commission, through its Safety Division, receives federal reimbursement of its prior-year program expenditures. The Pipeline Safety Program receives its money from the USDOT-Pipeline Safety Office. The amount of the annual reimbursement awarded to each state participant fluctuates upon the amount made available at the federal level, and the program rating compiled by the USDOT-Pipeline Safety Office. The Commission's Pipeline Safety Program is recognized annually for its consistently high ratings by the federal program. The Railroad Safety Program is reimbursed for travel and training expenses related to certifications as well as aid to out of state entities during disaster recovery.

The Corporations Division was awarded a digitization grant in fiscal year 2023 to digitize old microfiche files through the National Archives Association.

The Commission is actively searching for additional grants to not only assist programs within the agency, but for community outreach and education.

ARS. 40-401.01 defines the methodology that is used to determine the allowable amount that can be assessed from public utility companies in Arizona. The Commission can assess .25% of intrastate revenues for utilities with an annual gross in excess of \$500,000. Operational and non-lapsing appropriations as well as current cash balance are taken into account when calculating the assessment amount in June. To date, the Commission has yet to collect the full .25% assessment rate. Indirect is earned from the three Pipeline Safety grants and reimburses the Commission for Administrative and Legal work conducted to manage and enforce the scopes of the grants.

The fees that are collected by the Securities Division are deposited as followed: 80% to the Securities Regulatory and Enforcement Fund; 10% to the Office of Economic Opportunity Operations Fund; 10% to the Investment Management Regulatory and Enforcement Fund. If the cash balance in the fund exceeds \$100,000 on December 31st of any calendar year, the amount in excess reverts to the General Fund. The Commission has seen a slight increase in revenues for this fund over the past two years and anticipate this to continue in 2023.

Sources and Uses of Funds

Agency: Corporation Commission

Fund Description

OSPB: Revenues include part of a registration fee for each dealer and salesman, part of the fee for a salesman transferring registration from one registered dealer to another, and an exchange registration fee for each unit of a security exchanged. The Commission uses these monies for education, regulatory, investigative, and enforcement operations in the securities division. All revenue in excess of the appropriation is deposited into the General Fund.

Sources and Uses of Funds

Agency: Corporation Commission

Fund Description

OSPB: The Monies On Demand Fund contains deposits made by Customers of the Corporations Division that maintain On Demand Accounts. The client balances allow for tax filings, multiple business filings, etc., without delay for lack of payment in advance or having multiple accounts' fees paid with separate checks. As the customer completes their filings and incurs expenses, funds are moved from the Monies On Demand account into the appropriate revenue account.
